The 7 C's of History

FOR PIONEERS

What Are the 7 C's of History?

The 7 C's are the foundational history that God has given us in His Word. They explain the world around us and provide the foundation for the rest of the Bible, the Biblical Worldview, and the Gospel message.

The first four C's are the history found in Genesis 1–11 and explain who we are, where we came from, why our world is broken, and so much more. It's this history that explains what we see in sciences like biology (the study of life), anthropology (the study of man), geology (the study of rocks), paleontology (the study of fossils), astronomy (the study of the heavens), and more!

The last three C's are the Gospel message and the coming return of the Lord Jesus. It's these C's that give the answer to our sin problem and the hope for eternity. Here are the 7 C's:

Creation

God created everything in six, literal 24-hour days around 6,000 years ago. This original creation was "very good" (perfect).

- Mock interview.
  1. Read the account of the global flood in Genesis 6–7.
  2. Share details of the account with your unit or troop through a mock interview with Noah, asking him the following questions:
     - Why did God decide to destroy the world with a flood?
     - Why did God choose you, Noah, to build the ark?
     - Who is in your family?
     - How did you know how to build an ark?
     - What do you plan to take with you on the ark?
     - How will you feed and care for all those animals?

- Puppet show.
  1. Read Genesis 7–9.
  2. Make finger puppets of Noah and some of the people and animal kinds who went on the ark. Use the puppets to retell the account of Noah and the global flood to someone.
  3. Consider donating your puppets to a local children's hospital.

- Find fossils.
  1. If you live in an area where fossils can be found, collect several and identify the kind of plant or animal.
  2. Read Genesis 7 to find out how those fossils may have formed.
  3. Label fossils and create a display.

- Make a rainbow.
  1. Read Genesis 9:11–17. What did the rainbow promise mean, and why did God send it?
  2. Create a rainbow using a prism or other household materials. What colors make up a rainbow, and how is it formed?

- Learn about “kinds” of animal.
  1. The Bible says that two of every kind of land animal (not species) went on the ark.
  2. This study of “kinds” is called baraminology.
  3. Read this article to discover how baraminology is different from traditional taxonomy: https://kidsanswers.org/what-baraminology/.

- Draw a picture.
  1. Read what the Bible says about the flood in Genesis 7:11–12, 19–20. What land features do you think might have been caused by such a catastrophic event?
  2. Using your favorite art medium, create or sketch what the earth may have looked like prior to the flood.
  3. What do you think it looked like after the global flood?

- Visit the Ark Encounter, tour the life-size ark, and tell a friend about the things you saw.
- With a parent’s permission, obtain a book, DVD, or video from the Answers in Genesis store or Answers TV called *Journey Through the Ark Encounter*.
- Visit the Creation Museum and explore all 7 C’s of History and tell a friend about the things you saw.

Confusion

After the flood, Noah's descendants gathered in rebellion against God, and so God judged their sin by confusing their languages, forcing them to spread out and fill the earth. This event resulted in different people groups forming around the world.
