“What Is Blocking Your View of True Glory?”

Use the following discussion questions in your Sunday school class, small group, or family devotions. Read the article “What Is Blocking Your View of True Glory” on page 80 of Answers (Vol. 6 No. 2) before answering the questions.

1. Leviticus 16 gives examples of things the high priest had to be careful of when going into the holy of holies lest he die. What does this tell us about the proper view of God’s glory? ____________________________________________________________________________________________

2. To see the glory of the Father reflected in the Son, most people would study Jesus as revealed to us in the Gospels, but Colossians 1:15–16 shows us that a more foundational starting point allows us to see the authority of God’s Son. Discuss the meaning and application of this verse to our view of Christ? ____________________________________________________________________________________________

3. In John 14:8–9 Philip requests to see the Father. Put yourself in Philip’s shoes and talk about how you think Jesus’s response would affect you? ____________________________________________________________________________________________

4. John 20:24–28 gives us a great insight into recognizing the Father through gazing upon the Son. In this passage what do you find significant about God’s glory in Jesus Christ? ____________________________________________________________________________________________

5. After reading this article, what have you learned about how adding human philosophy to Scripture can blur your vision of Christ’s glory? ____________________________________________________________________________________________

6. What can you do to ensure that you keep the lenses of Scripture clean of compromise? ____________________________________________________________________________________________
