

Old ideas
plus today's
world

MAJOR COMPACTION (~10:1)

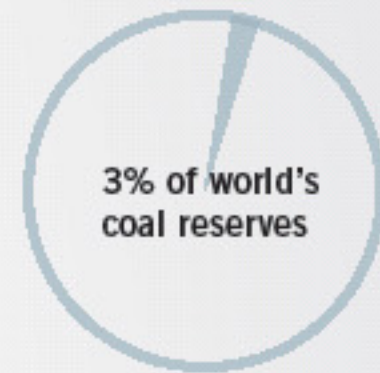

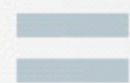

SPARSE VEGETATION

SMALL LAND AREA

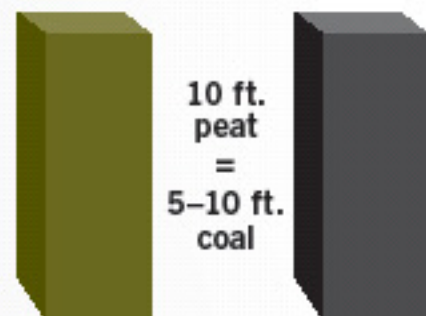

OPEN SEAS

New findings
plus Noah's
world

LITTLE COMPACTION (~1:1)

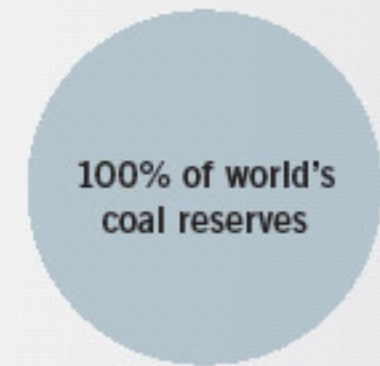

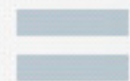

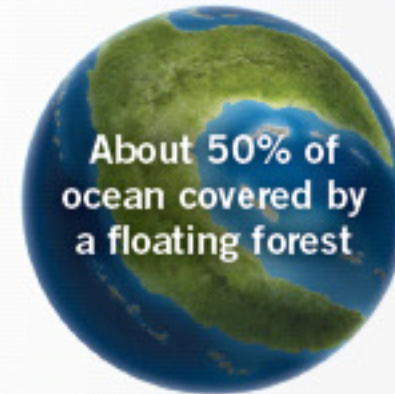

LUSH WORLD

LARGE LAND AREA

FLOATING FOREST

15-30%
of today's coal

+25-50%
more coal

+20-40%
more coal

+25-50%
more coal

75-150%,
more than enough to
explain today's coal reserves
