MAN'S WORD

ACCORDING TO MAN'S IDEAS, present processes operating over 14 billion years explain the world we see today. On one tiny branch of the evolution tree, apes evolved into humans during the last few million years. Humans are only the latest ripple in the endless stream of evolution.

GOD'S WORD

ACCORDING TO GOD'S WORD, "in six days the Lord made the heavens and the earth, the sea, and all that is in them" (Exodus 20:11). His intervention at key periods of history explains most of the world we see today. From the beginning, God created man and woman to dwell with Him.
