

Museum Match

MUSEUMS can teach us a lot about God's world. But just because a sign says something doesn't mean it's true. Make sure you filter all that information through God's Word! The Bible is our source for truth, and you can trust it from the very first verse.

Match your way through this museum!
Move from one space to the next by finding objects that are the same. For example, the first two have a shovel. Can you find the matching objects to reach the end of the museum?

ANSWERS: Shovel > Cat > Astronaut > Turtle > Microscope > Painting > Dream catcher > Compass > Globe > Butterfly
