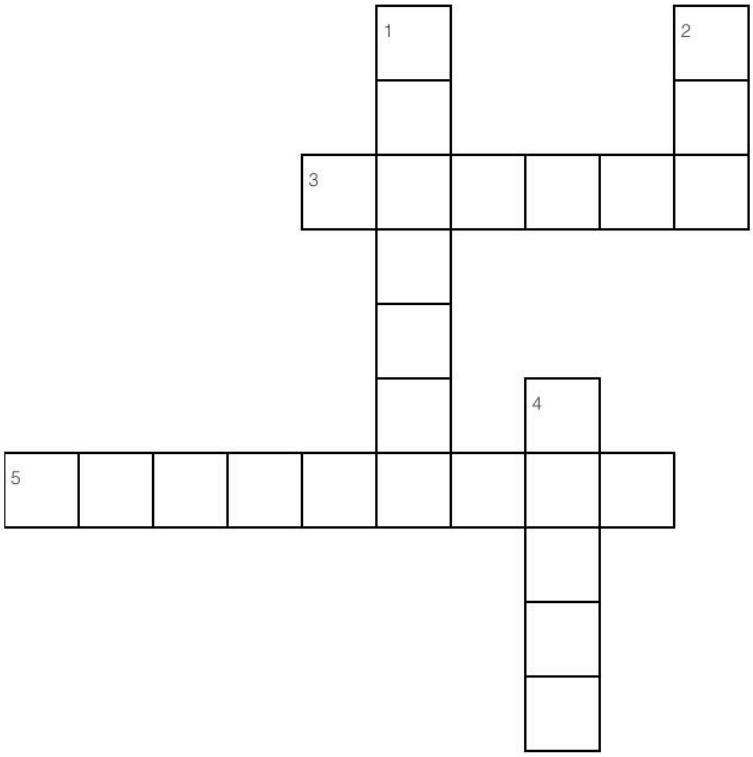
Fit for a King

Learn more about kinds that may have been on the Ark as Inspector Barry Mins studies new creatures every week in the "Show and Tell" section of KidsAnswers.org!



Across

3. They are insectivores, munching on _____ that they often capture while hovering above a branch of a tree.

5. This kind is migratory and has a large, widespread range.

Down

1. This week's kind is the Regulidae—the _____ kind.

2. They build up reserves of ___ before they migrate.

4. Usually, the males have a more colorful _____ or an additional color the females lack.
