Exodus 20

7 You shall not take the name of the  
LORD your God in vain. For the  
LORD will not hold him guiltless  
that takes His name in vain.

8 Remember the Sabbath day, to  
keep it holy.

9 Six days you shall labor and do all  
your work.

10 The seventh day is the Sabbath of the  
LORD your God. You shall not  
do any work, you, nor your  
son, nor your daughter, nor your  
cattle, nor your stranger, who is  
within your gates.

11 For in six days the LORD made  
the heavens and the earth, the  
sea, and all that [is] in them, and  
rested the seventh day. Therefore the  
LORD blessed the Sabbath day, and  
sanctified it.

12 And Moses said to the people,  
The LORD has said, I have  
seen that you have not kept  
the Sabbath day, therefore you  
shall not go into the land I have  
sworn to say to your fathers, and  
you shall not dwell there.

13 And you shall keep the Sabbath,  
because you are holy to the LORD  
your God. I am the LORD your  
God, who have brought you out  
of the land of Egypt.

14 And you shall keep the Sabbath,  
because you are holy to the LORD  
your God. I am the LORD your  
God, who have brought you out  
of the land of Egypt.

15 And you shall keep the Sabbath,  
because you are holy to the LORD  
your God. I am the LORD your

# EVOLUTIONIZED WORLDVIEW

Christians are often inclined to take the young-earth position simply because it appears to be the plainest reading of the Bible.

Don Stoner, *A New Look at an Old Earth*, 1985, page 37.

Q709

**It is apparent that the most straightforward understanding of the Genesis record, without regard to all of the hermeneutical considerations suggested by science, is that God created heaven and earth in six solar days, ...**

Pattle Pun, "A Theology of Progressive Creationism," *Perspectives on Science and Christian Faith*, volume 39, number 1, March, 1987.

Q167

**From a superficial reading of Genesis 1, the impression would seem to be that the entire creative process took place in six twenty-four-hour days. If this was the true intent of the Hebrew author ... this seems to run counter to modern scientific research, which indicates that the planet Earth was created several billion years ago.**

*Gleason Archer, A Survey of Old Testament Introduction, page 196.*

It is of course admitted that, taking this account by itself, it would be most natural to understand the word [day] in its ordinary sense; but if that sense brings the Mosaic account into conflict with facts, and another sense avoids such conflict, then it is obligatory on us to adopt that other.

Charles Hodge, *Systematic Theology*, volume 1, 1871, pages 570–571.

Q202

**We have to admit here that the exegetical basis of the creationists is strong. ... Data from various disciplines point to a very old earth and an even older universe.**

James Boice, *Genesis: an Expositional Commentary*, volume 1, 1982, pages 57 and 60.

# BIBLE SAYS SIX DAYS

**Infallible**

**Fallible**

# MILLIONS OF YEARS MEANS NOT SIX DAYS

**Infallible**

**Fallible**

We must understand that these days were actual days (*veros dies*), contrary to the opinion of the holy fathers. Whenever we observe that the opinions of the fathers disagree with Scripture, we reverently bear with them and acknowledge them to be our elders. Nevertheless, we do not depart from authority of Scripture for their sake.

**“MODIFIED”!**

When Moses writes that God created heaven and earth and whatever is in them in six days, then let this period continue to have been six days, and do not venture to devise any comment according to which six days were one day. But, if you cannot understand how this could have been done in six days, then grant the Holy Spirit the honor of being more learned than you are.

Q227a

For you are to deal with Scripture in such a way that you bear in mind that God Himself says what is written. But since God is speaking, it is not fitting for you wantonly to turn His Word in the direction you wish to go.

The study of paleontology has rendered it virtually impossible for a serious scientist to make a case for a six day creation about six thousand years ago, as Christians would once have believed without question.
