KEN HAM grew up in Queensland, where he was to give his first creation talk in 1975. He began his science teaching career at a high school in Dalby. In 1977 he co-founded a creation ministry that came to be known as Answers in Genesis, which today is the largest apologetics group in the world.

Ken's greatest burden is to share the truths of God's Word, starting from its very first verse. As president of AiG and the popular high-tech Creation Museum in the USA, Ken has presented thousands of Bible-upholding talks at Answers conferences worldwide, has authored and co-authored many books (including the bestselling *The Lie* and *Already Gone*), and has hosted *Answers . . . with Ken Ham* for 18 years on 500 radio stations.

WHO WE ARE Answers in Genesis is an apologetics (i.e., Christianity-defending) ministry, dedicated to enabling Christians to defend their faith and to proclaim the gospel of Jesus Christ effectively. We focus particularly on providing answers to questions surrounding the book of Genesis, as it is the most-attacked book of the Bible. We also desire to train others to develop a biblical worldview, and seek to expose the bankruptcy of evolutionary ideas, and its bedfellow, a "millions of years old" earth (and even older universe).
