

The AMAZING ACE Dogsled RACE

Operation Arctic VBS Review Game

For 2 Players

Game Components

Game Board
Stack of Question Cards
Stack of Action Cards

2 Game Pieces
1 Die

How to Play

1. Players choose a game piece.
 2. Both players roll the die to see who goes first. The higher number wins (Player One).
 3. Player One rolls the die. Then, Player Two draws a Question Card and reads it to Player One. If Player One answers the question correctly, he moves his game piece the number of spaces on the die. If he misses the question, he doesn't get to move his game piece and it becomes Player Two's turn.
 4. The first player to reach the last space (or beyond) wins the game.
- SNOWFLAKES.** If a player lands on a snowflake, he draws an Action Card and follows the directions on the card.
- BRIDGES.** No matter what number is rolled, players must stop on the "X" before crossing a bridge. Then a 4 or greater must be rolled to get across. If a player rolls less than a 4, he must stay on the X until he does. If he rolls a 4 or greater, he may cross the bridge but must stop on the next X.
- CHECKPOINTS.** No matter what number is rolled, players must stop on the X at each checkpoint (Klondike Corner and Snowfall Station). And then continue at the next turn.
- BATTLES.** If players land on the same space, they must battle each other by rolling the die. The higher number wins and gets to remain on the space. The lower number loses and must go back the number of spaces rolled.
