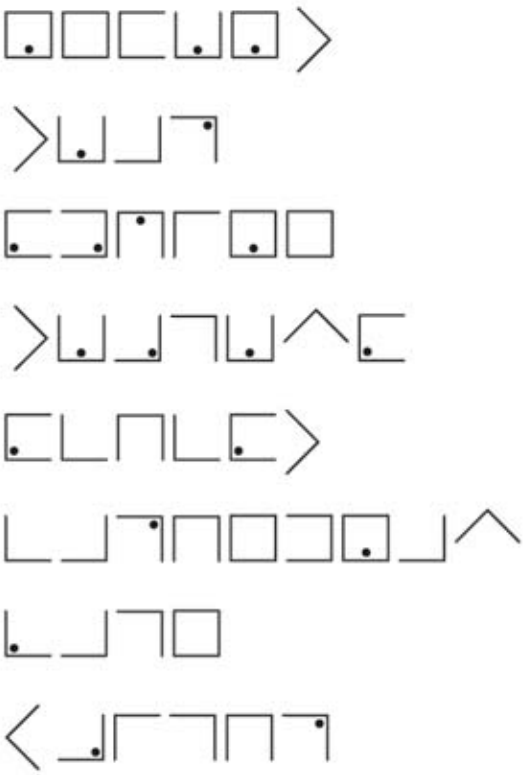
Pigpen Puzzle

The key provided near the bottom shows the code—the alphabet placed within special shapes. Your vocabulary words are spelled out in the Pigpen Puzzle, but only the code shapes are given. You must decode each line by supplying the letter that belongs in each code shape. The symbols without dots represent the letters A–M; the symbols with dots represent the letters N–Z.



cathedral	chivalry	crusade	friars	gothic	infidel
~~kidnap~~	knight	moat	Mongols	page	ransom
reform	schism	squire	university
