Suggested Discussion

The Bible tells us that God is holy. He hates sin. Sin makes God sad, and He must punish it. All the people in Noah's time were so wicked and sinful that God had to judge their sin by destroying the earth. But God had mercy on Noah. God told Noah that He would save him on an Ark.

Just like God had mercy on Noah and saved him, God also has mercy on us. We are all sinners, but God sent Jesus to pay for the punishment of our sins. Isn't that amazing?! Jesus took the punishment for sins and made a way for us to be saved from judgment.

God saved Noah on the Ark. God saves sinners through Jesus Christ.

Print one on cardstock and cut out for each student.
