June 2020 | Vol. 27 Iss. 6

A monthly newsletter equipping
Christians to uphold the authority
of the Bible from the very first verse.

A Note from

Ken
Ham

Abortion and a Nation of Death

America is dying. It has been dying for some time. We have been watching the spiritual death of a nation as we have seen the following actions:

- The God of the Bible has been basically eliminated from government schools.
- The religion of evolution is taught as fact to generations of kids.
- The religion of atheism has become the state religion as generations are taught everything in the universe is explained by naturalism (atheism).
- Crosses, nativity scenes, and other symbols associated with Christianity have been removed from public places.
- An obsession with the religion of death is growing—the death of millions of children by abortion and the death of the elderly and infirmed by euthanasia.

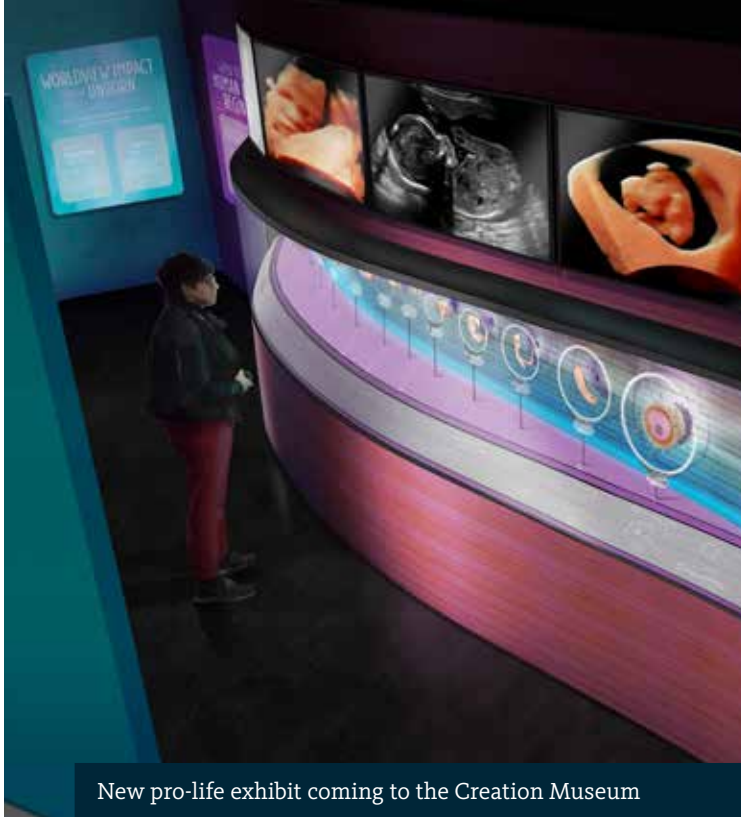

Why Did This Happen?

In many ways, I believe it's the fault of the church. Right now, from a human perspective, the church is fighting

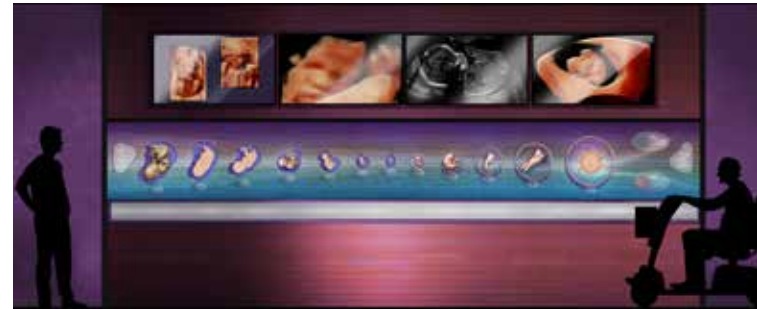

for it's very life in the West. Now don't misunderstand, as I know and believe that Jesus said: "I will build my church, and the gates of hell shall not prevail against it" (Matthew 16:18). Now, the church, the body of God's people worldwide was raised up by God to proclaim the light of his Word to the nations. **But we are seeing an exodus of the younger generations from the church.** And in the USA, church attendance has dropped from 56% of the Greatest Generation (those who experienced the Great Depression and were adults during World War 2) to only 18% of Millennials (Generation Y), and even less for Generation Z, who are twice as atheistic as any previous generation.

However, much of the church today is permeated by problems such as:

- The majority of churches/church leaders/academics have compromised God's Word in Genesis with evolutionary ideas/millions of years.
- **Much teaching is very shallow—the church is lukewarm.**
- Most don't teach apologetics and how to have a truly biblical worldview.

New pro-life exhibit coming to the Creation Museum

- Most make music the dominant feature over the teaching of the Word.
- Most church leaders have condoned (or been silent about) parents delegating their responsibility to train kids to the Sunday school teachers, youth pastors, public school teachers, etc.
- Many accept gay “marriage” and even abortion.

Yes! The culture and much of the church is **dying spiritually**.

A consequence of all this is that many in the younger generations, particularly Generations X, Y, and Z are very secularized in their worldview. Moral relativism permeates how they live because generations have been taught that they should do what is right in their own eyes. One result of this rejection of God’s Word and acceptance of moral relativism is the devaluing of life, particularly the lives of those in the womb and the elderly.

To help justify selfishness and increasing sexual freedom—devoid of the absolutes of God’s Word concerning the nature of human beings and the

place for sex within marriage—**abortion (the killing of children in the womb) has become the order of the day. It’s really a death cult. It’s a blight on this nation.** Around 65 million children have been sentenced to death by abortion since 1973 in the USA.

To help confront our nation on this issue, a new and powerful Fearfully and Wonderfully Made (Sanctity of Life) exhibit is to be unveiled at the Creation Museum late this summer. Come and visit, and **equip your family** to help fight this death cult that is an abomination to our creator God.

Yes, as it has turned away from belief in the authority of the Bible, America has rapidly become a nation of death. Join us in declaring the creation-based gospel of Jesus and proclaiming life!

Come and experience the top two religious museums in the USA! Be sure to visit us online at ArkEncounter.com and CreationMuseum.org for full updates and hours. And please pray that we will be able to continue to impact the millions who need to know that the Bible is true! ■

“We are developing amazing, new shows, each designed to bring glory and honor to the Creator.”

— Dr. Danny Faulkner

Stargaze Anytime!

Stargazer Planetarium has been an exciting part of the Creation Museum from the museum’s opening in 2007. Its awe-inspiring, state-of-the-art programs have captivated millions of visitors ever since. But state of the art in 2007 is not state of the art today. **Imagine using computers and video equipment from more than a dozen years ago.**

So, last November we closed the planetarium for a complete renovation. Among other things, we installed all-new, super-comfortable seats and replaced the original dome with a technologically advanced one that is even tilted to give a better and more relaxed view from every seat.

We’ve upgraded the planetarium’s presentation software and hardware with the Digistar 6 system

for an ultra-high-definition display. It’s the latest in planetarium technology.

But most important are our new projectors. For illumination, the new projectors use lasers rather than light bulbs. These 18,000-lumen laser projectors produce even brighter, crisper images than before.

We will continue to offer our acclaimed programs, such as *The Created Cosmos*, which have thrilled hundreds of thousands of Creation Museum guests every year. But we will soon be making improvements even to those shows. **Plus, we are developing amazing, new shows, each designed to bring glory and honor to the Creator.**

Such extensive renovation takes time. But we are thrilled to announce that as the Creation Museum’s temporary shutdown ends, the new Stargazer Planetarium will be ready to take you on an intergalactic trip of a lifetime!

Visit the Creation Museum this year, while admission for kids 10 and under is free! [Learn more at CreationMuseum.org](http://CreationMuseum.org) ■

Exhibit artist's 3D rendering of a full-term human fetus.

AiG—A Pro-life Ministry

Occasionally people ask us why we are so vocal in proclaiming the sanctity of life and opposing abortion, suggesting we may have stepped outside the book of Genesis. Not so, for all people are image bearers of our Creator, as recorded in Genesis 1. People have value in God's eyes, including precious lives in the womb.

AiG's pro-life efforts were even acknowledged back in 1997 when founder Ken Ham received the annual *Dominus Vitae* ("Lord of Life") award at a national conference and spoke there. In his talk, Ken pointed out that abortion is not the real problem—it is actually a symptom. The real problem is a culture that has largely departed from the authority of God's Word and now exalts man's opinions instead.

In giving the award, the presenter noted that Ken "along with scientists, biologists, and theologians [at AiG] . . . equip us with a sure defense in our battle for life." AiG's brilliant research team along with talented designers are putting the final touches on the Creation Museum's eye-opening pro-life exhibit "Fearfully and Wonderfully Made," (Psalm 139:14) that Ken referred to in his article on page 2.

This stunning, high-tech display features striking 3D models to show the development of a child in the womb and present the fascinating research from AiG anatomist Dr. David Menton. As with all the museum's exhibits, the pro-life message will be presented powerfully, beautifully, and with grace, concluding with the gospel message.

[Check CreationMuseum.org](http://CreationMuseum.org) to plan your trip now! ■

Fun Facts

- Used to own a fire truck manufacturing company (and served as a volunteer fireman)
- Likes to tell people “I went from making equipment to rescue people from the fires here on earth . . . to working at AiG to help rescue people from the eternal fire! I’m still a ‘firefighter’ at heart!”
- Favorite Bible verse: Romans 8:28.

A Boon(e) to AiG

An event in June 1995 is forever etched in the memory of Joe Boone. He heard AiG founder/CEO Ken Ham give a talk about biblical authority at a homeschool convention in Indianapolis.

Joe calls Ken’s presentation a “lightbulb” moment in his life. Joe explained: “I suddenly realized the Bible connected to the real world and it answered a lot of questions I had, including that the history in Genesis can be trusted.”

Joe also heard an answer to one of the world’s most-asked questions—If God is all-powerful, why is there so much disease and death? The Bible’s answer was to be very helpful for Joe. A couple months later, his first wife was diagnosed with a brain tumor and would sadly die several years later.

In 2006, Joe sold his business and, appropriately enough, moved to Boone County, Kentucky (Joe’s family traces back to the famed frontiersman, Daniel Boone), where he would head up AiG’s Advancement Department. Not long after his move to AiG, the Lord brought Jill into Joe’s life and they married in 2008. They now lead a small group from their church using AiG’s Answers Bible Curriculum.

Two years ago, Joe was promoted to president, reporting to the very man God used to profoundly change his life 25 years ago, Ken Ham.

Ken states that Joe’s promotion has helped relieve him of much of the day-to-day oversight of a large ministry. Ken noted: “Joe has done an outstanding job, even through the challenging coronavirus situation that hit AiG hard in March and April. He has become a trusted leader for all our staff.”

Answers in Genesis President, Joe Boone

ANSWERING ATHEISTS

Answering Atheists Sessions Now Streaming

Nearly one in four American adults identify as a religious “none,” meaning they believe “nothing in particular” or hold to a secular religion such as atheism or agnosticism. But this doesn’t mean they are neutral. They have a religion, a faith, but it’s in something outside of the Bible. How do we reach these beloved friends and family members with the soul-saving gospel message?

Discover answers and a strategy for sharing the gospel in an increasingly secular culture with our brand-new *Answering Atheists* video downloads and streams available via Answers.tv and Pureflix streaming services, and soon via DVD. These sessions, filmed live at the Ark Encounter during the 2019 conference, feature teaching from Ken Ham, Dr. Danny Faulkner, Bodie Hodge, and more. Get equipped to reach others with these exciting new presentations.

See pages 8 and 9 for our special announcement about Answers.tv and take advantage of the free trial! ■

Online Easter Conference a Great Success!

It certainly was a unique Easter this year! But these circumstances allowed us to get creative, supplementing believers’ online church services with a special streaming event.

Over the 3-day Easter weekend, we streamed a variety of presentations from Answers in Genesis’ speakers, authors, and special guest Ray Comfort of Living Waters. Online viewers traced the gospel throughout history, discovered evidences of the resurrection, were sobered by the physiology of the crucifixion, and more. They also enjoyed special kids’ devotionals, a 3-evening family devotional, and a classic Easter hymns concert from the Ark Encounter’s resident singing artists, Southern Salvation.

The special Answers Easter Event 2020 was a joyful celebration of the living hope we have in Christ—a hope that doesn’t fade even in the face of a global pandemic. If you missed this free event, see below.

To view any or all of our Easter sessions and devotionals, visit Answers.tv or our YouTube channel at YouTube.com/AnswersinGenesis. ■

Answers.tv—It's a Whole New Ballgame!

We have some **very good news** at this time of uncertainty!

Anyone who searches for a video on secular streaming platforms like Netflix, Prime Video, and Disney+ constantly faces their blatant promotion of violence, adultery, fornication, and social agendas like abortion and LGBTQ. Plus, social media platforms like Facebook and Twitter are increasingly anti-Christian in their censorship of biblical standards.

What is around the next corner?

Because the voices of God-fearing, Bible-believing Christians are being muffled and blocked, AiG is very thankful that a supporter approached us (just as the coronavirus crisis really began to impact health and jobs) and offered a plan for these urgent times. This expert offered to help Answers in Genesis build its

own platform—something that we could only dream of just months ago!

And so, on May 1 we launched Answers.tv so that Christians everywhere will be able to hear and experience absolute Bible truth.

You can help us! Join Answers.tv and for just over \$3 a month **you'll have access to unlimited streams of godly, Bible-based programs**—already including over 1,000 documentaries, movies, music, and more. What a great investment for your family!

Answers.tv is even the exclusive source for live streaming of our many events and conferences, at no additional cost. You cannot find a more family-friendly and truly biblical streaming platform!

Go to [Answers.tv](https://www.answers.tv) to sign up for a 7-day free trial!

Answers
BIBLE CURRICULUM

Try Answers Bible Curriculum for Free!

Have you tried our popular, apologetics-infused Sunday school curriculum yet? Answers Bible Curriculum features chronological lessons that span all ages (pre-K–adult), allowing families to learn and grow together in God’s Word—and you still have time to use the new digital version for free! With this digital beta platform, you’ll have access to the Teacher Guide, music, videos, class resources, and more in one easy-to-use tool. Access it all via any internet-connected device. You’ll even find a guide that shows you how to set up a virtual classroom for free at AnswersBibleCurriculum.com/digital.

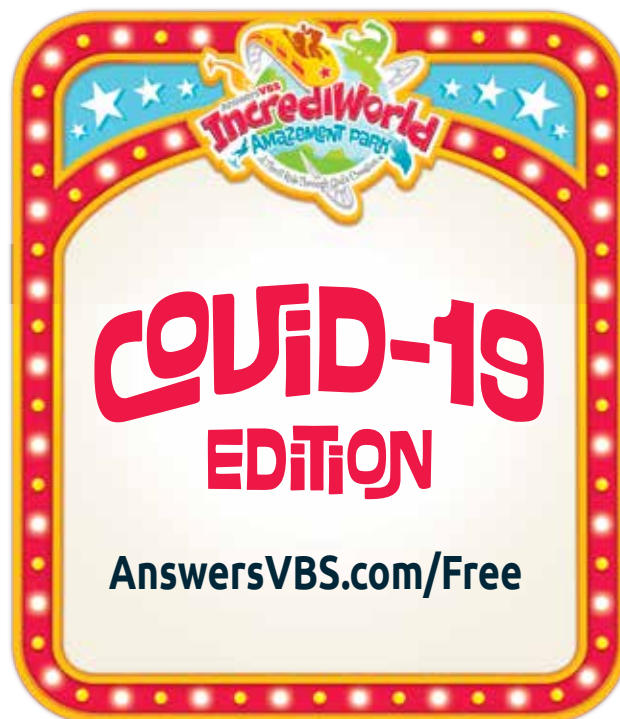

We encourage you to take advantage of this special offer and consider using Answers Bible Curriculum in your church. But hurry, because free beta access ends June 30.

Get lots more information and order at AnswersBibleCurriculum.com

Host a Free Answers “VBS-at-Home”

In the midst of COVID-19, many churches have had to postpone or cancel summer VBS programs and seek out other ways to minister to their congregations and communities. We know VBS is a vital outreach for sharing the gospel and training children up in the truth of God’s Word. That’s why we’re offering one of our previous VBS programs, *IncrediWorld: A Thrill Ride Through God’s Creation*, in an easy-to-use digital format for FREE! This popular VBS has been adapted so families can do it at home with their children or even host a small backyard VBS for neighbors (while following local quarantine orders). Please join us in praying that God will use this special outreach of AiG to reach many with the gospel and encourage believers in their faith!

Download your free copy of the *IncrediWorld* VBS at AnswersVBS.com/free

Planning Forward with Care

In response to the current coronavirus situation, Congress recently enacted some important tax law changes. If you are considering supporting Answers in Genesis during this time, here are a few things to consider with the new changes:

CARES ACT – This recently passed law includes special changes to the charitable tax provisions for 2020 to encourage charitable giving, including:

- A new deduction for donors who do not itemize when filing their tax returns. If you do not itemize but make a gift to the ministry, you will be allowed to take a special tax deduction, up to \$300, to reduce your tax liability.
- An increase in the deduction limit for gifts up to 100% of a donor's annual income for the 2020 tax year (previously the deduction was capped at 60% of annual income).

When you leave a gift to Answers in Genesis, we will be able to continue the important work of proclaiming the truth and authority of the Bible from the very first verse and sharing the vital gospel message.

To learn more, please visit our website, AnswersLegacy.org, or call us at (859) 586-3575. ■

From You

“A Powerful reenactment. SO WELL DONE” —AiG Facebook friend who viewed Vickie Gaynier's “Corrie ten Boom: A Tramp for the Lord” (also available via Answers.tv)

“The size and the detail work are incredible. So much research and work went into this amazing attraction.”
—MJK regarding the Ark Encounter, via Facebook.

“I am Absolutely Loving the Course!” —a student in AiG's online Creation Apologetics Master Class

PRAYER POINTS *PLEASE PRAY WITH US.*

- That families would be able to come to the Creation Museum and Ark Encounter and take advantage of free admission for kids 10 and under in 2020. The plans of many families and groups were postponed since March.
- For those who have begun the Answers Education Online courses to diligently study the materials and use what they learn to teach their families and churches and boldly proclaim the gospel to those who are skeptical of Christianity.
- For the launch of Answers.tv as a platform to deliver God-honoring content to families and churches all over the world. New programs are being planned, and wisdom is needed to bring glory to Christ through this new effort.
- Continued opportunities to reach out with the love of Christ and truth of the Bible to those impacted by the pandemic, including families of AiG staff members.

Keep Going!

“Keep going!” That was the Apostle Paul’s plea in trying times (Philippians 3:14). Paul then tells how he was able to keep going: “You shared in my distress” (Philippians 4:14). The temporary closing of our attractions presented some significant challenges. And yet, AiG has kept going because of friends who have shared in this challenge.

If during this time you have been blessed by the ministry of AiG, would you consider sending a gift for our core ministry? Thank you in advance for your prayers and ongoing partnership with us!

Free Bible Study During Coronavirus

Here is a free creation Bible study—an exciting overview of Genesis 1–11.

Experience the first eight chapters in Dale Mason’s top-selling *10 Minute Bible Journey*. In less than 10 minutes per day, you will travel from creation to the Tower of Babel. These free downloads set the scene for the entire Bible. Ken Ham says, “You will love the way Dale has made the major accounts in the Bible flow from one event to the next. It’s nearly seamless, and in a way that the whole Bible makes so much more sense.”

You’ll receive the devotionals, high-color illustrations, audiobook files, and coloring sheets for the kids! (See the book on p. 11.)

Download now at AnswersBookstore.com/10minutegenesis

 @arkencounter

Posted April 15, 2020

“Now we’ve been reminded of what God can do as one ‘little’ virus disrupts the whole world. So, let’s redeem the time as God gives to us. Many are doing it now by trying creative and inventive ways to reach people with God’s Word. And we should be planning ahead and asking how God may be redirecting some of the things we do. . . .”

Follow along with the Ark Encounter on social media and don’t forget to tag #arkencounter on your photos from your visit!

AnswersInGenesis.org

This monthly newsletter can only give you a taste of the various outreaches conducted by Answers in Genesis to proclaim the creation/gospel message.

“Maybe God is using this time to call this remnant to do even greater things for him. Could God be calling the church and culture back to the foundation of his infallible Word so the gospel can be proclaimed in more powerful ways than ever?”

Receiving duplicate mailings? Sometimes a second family member also signs up for *Answers Insider*.
