Handy Helps

Let's Dive In!

Imagine you're standing at the beach with your eyes closed. Can you hear the waves gently washing against the shore? Do you feel the soft sand between your toes? Is there a smell of freshness in the air and a taste of salty sea mist on your lips? Open your eyes and gaze upon one of the most amazing places on Earth—the ocean.

Then get ready to road trip with us as we head out for the newest AnswersVBS—*Ocean Commotion*, where we'll dive into Noah's Flood and learn important life lessons from Noah such as:

- Standing for God (even if it means standing alone);
- Obeying God (no matter what);
- Trusting God (He's a life saver);
- Thanking God (in everything);
- Fearing God (taking Him seriously).

It promises to be a boatload of fun every jam-packed day! We'll plunge right in as we start with the Under-the-Sea Opening Assembly, a high-energy opening with entertaining welcomes, rockin' songs, a mission moment, and prayer.

Then we're off to four fun rotation sites:

- Lifesaver Lesson Time, where we dive deep into God's Word and learn important Bible truths in fun and creative ways;
- Seaside Snacks, where prep is a breeze and taste is tropical;
- Splish! Splash! Games, where we make some waves with both land and sea escapades;
- Sensational Science and Crafts, where a wide array of science experiments and crafts are waiting to be explored.

After finishing the day's rotations, everyone heads back to the Under-the-Sea Closing Assembly that includes more singing, a Creature Feature, contest results, and the greatly anticipated daily drama, which is a highlight of the kids' day. The drama begins as Alex, the lead character, falls asleep. Then starts a fantastical dream sequence that places her

smack dab in an under-the-sea world. While meeting crazy ocean characters and having even crazier experiences, she learns that there's only one way to safety—through "the door." Just as Noah went through the door in the Ark and found safety, we too find safety in just one way—through Jesus, our "door" to salvation.

With all that's in store, it "shore" is going to be fun! So "water" you waiting for? Let's dive on in!

Our Goal

If you asked the people of your church and community how they felt about the Bible, what would their response be? Would they consider the Word of God relevant to their lives and interesting to learn from? Or would it seem irrelevant and trumped by "science"?

A recent survey^{*} by America's Research Group^{**} revealed that an alarming number of young people^{***} are leaving the church after they graduate because their questions about the Bible have not been answered. Respondents indicated that Sunday school materials were shallow and irrelevant. Of those polled, 86% had begun to question the Bible by their high school years. Of those who said they did not believe all the accounts in the Bible are true, 82% cited doubts about the Bible's authority or its trustworthiness.

We trust that the Lord will use Answers VBS to help reverse this sad trend by equipping today's youth and adults with the answers they seek. We have designed *Ocean Commotion* to provide solid Bible-based teaching delivered in a fun and entertaining way that counters the misinformation about the Bible and science that children encounter daily.
