Lesson Focus

The Bible is the coolest book on the planet, unique in so many ways.
The Bible's message has had an incredible impact on earth.
The Bible is the bedrock foundation to build our lives on.
The Bible has a thrilling theme running throughout its pages.
The Bible is exciting to explore! Let's learn it, love it, and live it.

**Bible Passages**

The Bible is One-of-a-Kind
(Selected Verses)

Saul's Life is Transformed
(Acts 9:1–22)

The Wise Man Builds His House on the Rock
(Matthew 7:24–29)

The Gospel is a Message with Love
(Selected Verses)

Mary Loves to Soak in God's Words
(Luke 10:38–42)

**Bible Gem**

All Scripture is given by inspiration of God . . . .
2 Timothy 3:16

Your word is a lamp to my feet and a light to my path.
Psalm 119:105

Therefore whoever hears these sayings of Mine, and does them, I will liken him to a wise man who built his house on the rock. Matthew 7:24

But God demonstrates His own love toward us, in that while we were still sinners, Christ died for us.
Romans 5:8

I rejoice at Your word as one who finds great treasure.
Psalm 119:162

**Animal Pal**

Blizzard the Polar Bear

Snowball the Arctic Hare

Spike the Narwhal

Shaggy the Musk Ox

Dash the Siberian Husky

**Apologetics Focus**

Did you know the Bible isn't like any other “religious” book?

Did you know the Bible's teachings have positively influenced cultures around the world?

Did you know science, history, and fulfilled prophecies confirm the Bible?

Did you know the earth didn't start out with polar ice caps?

Did you know we need the Holy Spirit to help us understand the Bible?

**Discovery Pass**

Science and Crafts

Experiment: It's S'now Unique!
Main Craft: Icebreaker Fishing

Experiment: Slip and Grip
Main Craft: Northern Lightscape

Experiment: Solid Ground
Main Craft: "White as Snow" Globe

Experiment: H2Ohhh!!!
Main Craft: Amazing ACE Globes

Experiment: Arctic Exploration
Main Craft: Dogsled Race

**Glacier Gap**

Games

Welcome to the Arctic Silly Snowmen

Snowball Fight Mad/Glad Game

Battle for the Base Make It or Break It

Circle Up Finding Your Way

Iditarod Race Broom Hockey

**Klondike Corner**

Snacks

Scripture Scrolls Snowflake Cookies
(Psalm 119:18)

Snow Ball Butterflies Tundra Transformers
(Psalm 19:7)

Happy Hearts Ocean Jammers
(Psalm 19:8)

Gold Nuggets Snow S'Mores
(Psalm 19:10)

Treasure Treats Husky Puppy Chow
(Psalm 19:11)

**Cool Contests**

Frosted Food Fun Chilly Cheers Polar Dress -Up Day Bible Books Challenge

Mission Money Mania

**HANDY HELPS**

**LET’S WARM UP!**

*Beyond thrilling! Exciting to explore! Breathtakingly beautiful! Full of treasure!* Words that describe the Arctic for sure, a fascinating region like no other in the world. But go back and read those words again—they can also be used to describe the coolest book on the planet—the Bible. It’s mind-blowing to think that the God who made the universe wrote a book—a book that is *beyond thrilling, exciting to explore, beautiful, and full of treasure*. Now if that isn’t worthy of our attention, what is? We here at Answers VBS can hardly contain our excitement as we launch the newest VBS—*Operation Arctic*. Get ready for the thrill of exploring this one-of-a-kind treasure as we build on the following BIBLE acronym each day:

**B Book of Books**—The first day, we’ll discover there’s just no book like it, unique in so many ways!

**I Incredible Impact**—The second day, we’ll explore the impact the Bible’s teachings have had upon our world!

**B Bedrock Base**—The third day, we’ll see there’s no shifting sand here—we’ve got the Rock of God’s Word to base our lives on!

**L Letter of Love**—The fourth day, we’ll encounter the best love letter ever, written to us by God Himself!

**E Exciting to Explore**—The fifth day, we’ll be challenged to learn it, love it, and live it!

Our explorers will begin warming up to the Word from the very first minute they arrive at *Operation Arctic*. The mission begins at *Snowfall Station* with the Opening Assembly, a high-energy opening with entertaining welcomes, rockin’ songs, a mission moment, and prayer. Then we’re off to four fun rotation sites:

- **Treasure Point**, the Bible lesson location. Here, explorers discover what a gem God’s Word is as they learn important Bible truths in fun and creative ways.
- **Klondike Corner**, the snack spot. Explorers won’t want to pass up the cool treats that are waiting to melt in their mouths.
- **Glacier Gap**, the recreation location. At this spot, explorers discover that preparation is “snow” easy and games are filled with chills and thrills.
- **Discovery Pass**, the science, craft, music, mission, and memory verse spot. This location features a wide array of activities to choose from: science experiments, crafts, songs to sing, memory verse games to play, and a mission time (for those who want to spend more time than is given during the Assembly).

After finishing the day’s rotations, everyone heads back to *Snowfall Station* for the Closing Assembly that includes more singing, a Creature Feature, contest results, and the greatly anticipated daily drama, which is a highlight of the kids’ day. The drama begins in the city with a high-powered executive who is fed up with the rat race. He decides to move to the wilderness for a quieter, simpler existence. Little does he realize all that’s in store—missing treasure, goofy bad guys, unexpected visitors, and plenty of action!

Sound fun? Then let’s plunge on in to this cold *world* and God’s wonderful Word! It promises to be a flurry of fun and excitement at *Operation Arctic*! Let’s go!

**OUR GOAL**

It’s been ten years since Answers in Genesis entered the world of VBS, and we are so thankful for how God has chosen to use these programs! But why did we decide to embark on such an undertaking in the first place, and why are we still at it, by God’s grace, ten years later?

Our primary goal has remained the same all these years—to bring God glory by boldly and unashamedly proclaiming Him to a strategic group—young people! From both a biblical and statistical point of view, young people are a big deal! They’re not only awesome—we love ’em!—but they’re also dearly cherished by our Lord and tend to be soft-hearted toward spiritual things. Researchers generally agree most people become Christians when they’re children, so it’s apparent this age group is a huge mission field!

Children are loved by their Creator. Jesus said not to hinder the children but to let them come to Him (Luke 18:16). We want children to come to Christ and not be hindered in any way from doing so. To that end, our philosophy has always been to combine a biblically rich VBS loaded with substance with off-the-chart, irresistible fun. In a day and age when content sometimes suffers, it’s critically important to us not to sacrifice rich content at the expense of fun. But it’s also crucial that the most exciting Book in the world doesn’t come across as irrelevant or dry. We want to reflect our creative, inspiring, joy-giving God who made laughter and fun!
So why do we do it? We want kids around the world to hear about and personally meet our awesome God and to understand how they can receive eternal life through repentance and faith in Christ Jesus. We believe VBS is a great way to introduce them to God, as it is one of the biggest outreaches of the year for most churches.

We pray you will find that every prayer prayed, every minute invested, every dollar spent, and every word spoken will bring God glory as you reach kids for Christ. Just remember—VBS is worth it! May God richly bless your VBS.

YOUR ROLE

Your role as the Exploration Leader is outlined in the following pages and includes planning and preparing the daily lessons, enthusiastically engaging in teaching the lessons, and praying over all aspects of your job.

Read this guide carefully and prayerfully, using our suggestions combined with the ideas the Holy Spirit brings to your mind.

So get ready! Get set! Get excited! God is about to use you and your church to impact lives.

FREQUENTLY ASKED QUESTIONS

The content of Operation Arctic may be new to you. For a list of helpful articles on the topics covered in this VBS program, please visit AnswersVBS.com/oafaq.

TERMS TO KNOW

Throughout the VBS curriculum, various terms will be used. Here’s a list of some of the most common terms to know.

- **Explorers**: Children at VBS. Explorers will be put in teams named after animals they may see on an Arctic exploration (e.g., polar bears, beluga whales, snowy owls, harp seals, caribou).
- **Guides**: Team leaders who lead the teams from place to place during VBS. No teaching is required of this position.
- **Exploration Leaders**: Teachers at the Treasure Point Lesson Time.
- **Treasure Point**: Rotation site where Bible and apologetics teaching occurs.
- **Snowfall Station**: Spot where everyone joins together for the opening and closing assemblies.
- **Discovery Pass**: Rotation site where crafts are made, science experiments are performed, music is sung, memory verses are learned, and missions around the world are explored.
- **Klondike Corner**: Indoor or outdoor site where snacks are served.
- **Glacier Gap**: Indoor or outdoor site (outdoor is preferred) for game time.
- **Bible Gem**: Daily memory verse.
- **Animal Pals**: Friendly animal mascots used to emphasize the key point of each day’s lesson.
- **Creature Feature**: Daily time during the closing assembly when we marvel together at God’s design of various Arctic animals.
- **Toddlers**: Ages 2–4 years.
- **Pre-Primaries**: Ages 4–6 years, or age 4 through children who have completed Kindergarten.
- **Primaries**: Ages 6–9 years, or children who have completed grades 1–3.
- **Juniors**: Ages 9–12 years, or children who have completed grades 4–6.

For multi-age K–6th teams, we recommend using the material for the Primaries.
1. Pray and study God’s Word. This is your most important preparation. “We will give ourselves continually to prayer and to the ministry of the Word” (Acts 6:4).

2. God has entrusted you with the awesome privilege of opening His Word and sharing it daily with the children. Walk worthy!

3. Read through all your lesson plans well in advance. Begin to pray and plan now, and continue to pray during and after VBS.

4. In this guide:
   » Teaching Tips are marked with a ❆.
   » Materials for each activity are listed next to the activity.
   » The “teacher says” portion is bolded.

5. You may want to assign the task of gathering supplies for all the teachers to one person, or have the teachers divide up the lesson time supply list, with each being responsible for multiples of certain items. It’s also helpful to get all the supplies ready in a box or bag ahead of time rather than gathering them day-by-day the week of VBS.

6. When setting up the room, you may want to clear away tables and chairs, depending on the room size and number of children expected.

7. Attend the Teacher Workshop and the Gospel Workshop. Be prepared to share the good news of salvation!

8. Dress as if you are an exploration leader leading a team of explorers in the Arctic. Wear pants, an exploration leader T-shirt, and hat (see catalog). Depending on how cool your room is, you may want to accessorize with a scarf or boots, or begin with a parka, ski goggles and the like, then take them off after a couple minutes.

9. Take on a persona to bring lessons to life. Dress in character and talk in first person. Some teachers enjoy making up a fun name, adopting an accent, etc. There are eight countries above the Arctic Circle, so there are lots of fun accent possibilities: Russia, Finland, Sweden, Norway, Greenland (which is part of Denmark), Iceland, Canada, and the US (Alaska). But if accents aren’t your thing, no problem! Teach in a way that makes you feel comfortable.

10. Call the children by name. Name tags help with this.

11. Make sure to keep eye contact as you share the lessons, helping each child sense your warmth and caring.

12. Children will be at various levels of spiritual comprehension. Pray for the Lord to take the message and do with it as He wills: plant seeds, bring to salvation, or strengthen and grow those who are already believers.

13. Have Bible passages that will be used in the lessons bookmarked ahead of time, and use your Bible throughout the lessons at the appropriate times. Show through your facial expressions and your actions the importance of the Scriptures.

14. Show love. All children, regardless of age or appearance, need to be loved. Greet them warmly each day and always be ready with smiles, encouraging words, and appropriate hugs. (Make sure to be aware of your church’s appropriate touching policies.)

15. Be all there. Try to leave behind whatever is currently going on in your life and focus your attention on the children under your care.

16. When kids are sitting on the floor for drawing or writing activities, give them a firm surface (old magazines or books) to use underneath the papers.

17. Notice the good. Children want attention and will sometimes resort to acting up in an effort to receive attention, even if it is negative attention. Be proactive by noticing and praising the things they do right. Be an encourager.

18. Children like order. Think through potential trouble spots in your day and decide on a firm, loving discipline strategy. Ask for help from experienced individuals.

19. Children generally rise to the level expected of them, so challenge them to work on memory verses and their take-home student guides. Some may even want to try the bonus memory passage, which is Psalm 19:7–11, a wonderful passage about benefits of God’s Word.

20. Have fun! Teaching should be a joy for you. “Rejoice always, pray without ceasing, in everything give thanks” (1 Thessalonians 5:16–18).
AGE-LEVEL CHARACTERISTICS

Kids are awesome! Each one is unique and is a special creation from the hand of our amazing Creator. With all their uniqueness, however, they also share some common characteristics. That doesn’t mean every child always exhibits the following characteristics at the suggested age, but these guidelines can be a benchmark to use when looking at characteristics of children as a whole. It can be helpful to see how God has wired different age groups so we can be more effective in teaching and interacting with them.

First, you’ll see characteristics of children in general and then characteristics of Juniors (ages 9–12 years) specifically.

CHARACTERISTICS OF CHILDREN

Children have some common characteristics.

• They are born sinners.
• God has given each a conscience, and they (generally) want good to win over evil.
• God has shown Himself to all children through His creation, making it obvious to all that there is a Creator.
• Children enjoy active learning—moving around, seeing things, touching things, smelling and hearing things, and being involved.
• Children need to be loved, encouraged, and praised.
• Children are rapidly growing and changing.
• Children trust the adults who are responsible for them.
• Children can get discouraged with criticism and failure.
• Children are eager to learn and are curious about the world and about God.

CHARACTERISTICS OF JUNIORS

Physical Characteristics

Juniors can vary widely as they grow, with some having a growth spurt that launches them into puberty. (This can make them get tired easily.) Height, weight, and physical maturity can be all across the board. They’re continuing to grow in physical abilities. Some are becoming known for athletic abilities. Juniors enjoy going places and doing interesting things.

Takeaways for Us

• Don’t comment on physical appearance, such as how tall someone is. Juniors can feel sensitive and awkward about their bodies.
• Make sure to help each child realize how special and uniquely created by God he or she is. Some have giftings/talents physically, some musically, some academically, etc. They need to be assured that they are God’s masterpiece, created exactly as they are for a special purpose.
• Some love being active, and some don’t, but it’s good to keep them involved and moving.

Emotional/Social Characteristics

Juniors can’t wait to grow up. They look up to teenagers/young adults. They like challenges and may develop interests and hobbies, although they’re self-conscious about their abilities and failures. They’re becoming more independent and can handle responsibilities. They enjoy small group discussion with peers and close friendships. They’re greatly influenced by their friends and want to be accepted. They look to friends for information and advice on issues. They like humor and jokes but may use sarcasm. As they head into puberty, they may experience mood swings.

Takeaways for Us

• Make sure the teens and young adults in their VBS world are good role models.
• Don’t tear down Juniors or resort to sarcasm. Be an encourager, listen well, and be patient with them.
• Incorporate small group discussion into learning, and do things that allow groups or pairings.
• Be careful to walk worthy—act and speak in godly ways.

Spiritual/Mental Characteristics

Juniors are beginning to think abstractly and are asking many questions, which they want good answers for. They have a much longer attention span than younger children. Their reading and memorization skills are improving. They’re developing their views on current issues and often want to associate themselves with their parents’ belief system. They spot inconsistencies in what people do versus what they say. Juniors enjoy serving and caring for others.

Takeaways for Us

• Ask thought-provoking spiritual questions. They are thinking and like to talk. Be there for them as a safe person to bounce thoughts and ideas off of.
• Listen well, and pray with them.
• Some children read better than others. Be careful about asking children to read out loud unless they volunteer or you know they can read well.
• Allow them to sometimes act out lessons. Most Juniors enjoy this active involvement.
• Give them opportunities to be involved in mission/serving projects.
• Challenge them to ask God to help them grow in their love for God and His Word. Help them set up Bible reading plans, and encourage them to memorize passages of Scripture.
• Make sure to walk the walk and not just talk the talk. They can spot inconsistencies, so it's important to walk worthy.
• Show interest in each child, helping them sense your care and interest in them.
• Be careful to speak accurately and truthfully, show care and respect for your Bible, and help them see your love for it and for the Lord.

SPECIAL NEEDS

The Special Needs Teacher Supplement (11-5-053) can help you accommodate and modify these lessons for those who need it, either in your regular classroom or in a self-contained classroom.

TREASURE POINT LESSONS

Kids will be learning a lot as they explore God's Word at Treasure Point Lessons. This session is written as a 35–40-minute period, divided into three sections.

- **Introduce It!** (5–10 minutes): Each day, the kids will be greeted with something interesting that captures their attention and begins the teaching of the day's lesson.
- **Teach It!** (25–30 minutes): The Bible teaching and apologetics content is presented during this time by costumed teachers.
- **Apply It!** (Remaining class time): This is the memory verse review and practical application time.

The lessons are jam-packed, so try to be organized and keep things moving. Ideas are written into each lesson to help you adapt if you have a longer or shorter lesson time than the 35–40 minute block. Because of the content-rich lessons, a little extra time is great if you can swing it! But if not, there are lots of options, so you may want to shorten or skip some activities.

The lesson format is written for a two-person team. One person serves as Teacher One and the other as Teacher Two or the Teaching Assistant. The lesson format can also work if teaching alone. If you are team teaching, decide ahead of time who will be responsible for what. If you are teaching alone, simply find someone (e.g., staff person, volunteer, guide) to help on any day you can use an extra set of hands.

Below is a sample schedule of a typical day at VBS. Check with your director for a copy of the schedule and room assignment for your VBS.

MEMORY VERSE SONGS

We have partnered with JumpStart3 (contemporary, NKJV, 11-5-069) and Majesty Music (traditional, KJV, 11-5-063) to create songs for each of the memory verses. They feature the full verses. (Pre-Primaries and Toddlers are taught condensed versions of these verses.) Singing Scripture is an excellent way for children to learn their Bible verses easily. We suggest using the songs (either video or audio) during the memory verse time in each lesson. The Leader Pack (DVD-ROM, Music CD) comes with the purchase of a Super Starter Kit and can also be purchased separately. You can also purchase and download the songs individually from our online store for use on a handheld device (answersbookstore.com). Student CDs in packs of 10 are available if you would like each student to have a copy of the songs (11-5-070 or 11-5-064). The option you choose will determine which type of media device you use to play it.

STUDENT EXTRAS

Check with your VBS director and choose one or more of these fun optional materials to give to your students so they can take home a review of the daily lesson content.

Also, decide with your director when it will work best to give out the various items: during lesson time, during snack time (a good time to review), or at the end of the day (a good time to pass out bookmarks and other items that need to make it home safely).

Student Guides: These age-appropriate guides feature a lesson review on the front of each daily take-home paper, and the memory verse, verse review game suggestion, and “Go and Do” section on the back that parallels the Apply It! part of the lesson. You can either go over these during class time or send them home with the students to be completed with a parent or caretaker, depending on your time constraints. If you send the guides home, motivate the kids to do them because they are full of good stuff! Give them to the guides to pass out at the end of the day. Then have the leaders check with the kids the following day to see how they did, and consider asking your VBS director to give contest bonus points to the individuals and teams for their hard work. The student guides are available in packs of 10.

• Junior NKJV (11-5-071)
• Junior KJV (11-5-132)

Explorer Guides: These fun interactive booklets feature the daily memory verse, fun phrase, stickers, and a place to stamp (11-5-093) for attendance. Check with your VBS director to find out when he would like to give these to the kids. They can receive them at any time during the first day. You can review them with the kids during the Apply It! section of the lesson, if you have time, or guides can go over them during snack time. These are available in packs of 10.

• Junior/Primary NKJV (11-5-091)
• Junior/Primary KJV (11-5-137)

Bookmarks: These are available in packs of 10 and can be passed out at the end of each class or at the end of each day. The Animal Pals series can be used as rewards for those who learn their verses each day.

• Animal Pals series—one for each day (NKJV 11-5-078; KJV 11-5-140)—Days 1–5
• Gospel (11-5-076)—Day 4
• Books of the Bible (11-5-077)—Day 5

Exploring God’s Word: This little booklet encourages your students to continue studying God’s Word for weeks after VBS has finished. It features a daily question and answer found in the Scripture verse. You or the guides can pass out one of these to each student on the last day of class before dismissal. Available in packs of 10 (11-4-075).

Books of the Bible Cards: Encourage your kids to get to know the books of the Bible with this set of cards. Available in trading-card size (26-1-679) or as 5x7 cards (recommended for teacher use, 26-1-675).
Decorating Decisions

The Arctic is a vast and intriguing wilderness with breathtaking scenery and fascinating creatures. Be creative and use the tools and ideas in this section to capture the imagination of the kids with your classroom decorations. Remember that a fun and exciting environment helps children learn better, remember more, and leave with happy memories.

Key Decorating Elements

Your Operation Arctic classroom design features an Arctic exploration company outpost as the focal point for the teaching. The set consists of a small log cabin along with some snow-covered pine trees, snow mounds, a few animals, and various props to enhance the surroundings and bring it to life. On one wall, display the daily teaching posters and on the other wall, the fun phrase and memory verse posters.

Wall Covering

You’ll need a backdrop for your set, so after you’ve decided in which corner to place the cabin, cover the two adjacent walls with light blue (or white) roll paper or plastic tablecloths to create a wintery background.

Log Cabin

Use corrugated cardboard sheets or large appliance boxes to make a small, three-sided cabin. The side walls of the cabin don’t need to be very deep, but to support the angled roof, the tops should slant upward. Another way to support the roof is to add some wood framing to the back of the cabin.

To paint the logs for the cabin, use a standard sized roller and apply medium brown paint using straight, horizontal strokes, leaving a 2-in. gap between the logs for the “chinking” (the broad, light colored bands that you see between the timbers). And don’t forget to leave an area designated for the front door of the cabin. After the logs are painted, apply a band of light tan paint to the gaps between them using a small 2 to 3-in. roller or paintbrush. Then, after the logs are dry, add some texture and definition, using a “dry brush” technique with 2 or 3 other shades of brown (darker brown and lighter brown).

The door should resemble a rustic barn door and should be painted with a base color that contrasts with the rest of the log cabin, like brick red. Then, after the base coat has dried, add thin black lines to define the door planks and use the “dry brush” technique with white paint to add some texture.
Finally, add a cardboard roof of appropriate size. You can shingle the roof with rectangular pieces of dark brown or black poster board or add a shingled texture using a concrete texture roller (available at home improvement stores) and a two-color painting technique. For the two-color technique, start with a base coat of medium brown. Then, pour two colors of paint (tan and black) into a paint tray side by side. Pick up the tan paint with one end of the roller and the black paint with the other end of the roller so both colors are on the roller at the same time. Some minor mixing of the two colors may occur, but this is not a problem. Then, in a repetitive fashion, roll the paint onto the cardboard with long vertical strokes, one column of paint beside the next, until you’ve moved from one side to the other. The result will be a tan/black, tan/black, tan/black textured pattern on top of the brown base coat, giving the roof a shingled appearance. Whichever method you use, don’t forget to add some “snow” to the roof by sponging on some white paint.

**ACE logo**

The ACE (Arctic Circle Exploration Co.) logo should be mounted to the front of the cabin. Find the image on the Resource DVD-ROM and print large using a color printer. Then cut out the logo and mount it onto a round piece of cardboard or poster board for added stability. Or, a set of decorating posters, including the ACE logo, is available for purchase. This would just need to be mounted.

**Evergreen Trees**

To supplement the landscape, add a few evergreen trees. Use artificial trees lightly spray-painted white or make your own two-dimensional trees out of roll paper, poster board, or corrugated cardboard. See the Resource DVD-ROM for pine tree clip art images.

**Snow Drifts**

Snow drifts of various shapes and sizes can really add to the frosty look of your classroom decorations. Make simple, two-dimensional drifts from white roll paper or poster board. Or, make freestanding drifts from corrugated cardboard propped from behind with wood supports. Paint them all white or light blue with white texture using a sponge or paintbrush.

**Resource Posters**

Contained in the Teacher Resource Kit are the daily teaching, fun phrase, and memory verse posters. These are important visuals for the explorers and should be displayed in an organized fashion. Large display areas can be created on one or both sides of the cabin.

**Explorer Crossing Sign**

Next to the cabin, add an “Explorer Crossing” sign. Find the image on the Resource DVD-ROM and print large using a color printer. (Or, a set of decorating posters, including the Explorer Crossing Sign, is available for purchase.) Then cut out the sign and mount it onto a piece of cardboard or poster board for added stability. Assemble a wooden post and base for the sign using a 2x2-in. board for the post and a 1x12-in. board for the base. Simply cut the 2x2-in. board to a height of 42-in. to 48-in. and the 1x12-in. board so it forms a square base. Attach the post to the base, paint it black, then attach the Explorer Crossing sign.

**“DRY BRUSH” TECHNIQUE**

The “dry brush” technique requires very little paint on the brush with any excess paint brushed off onto scrap cardboard or a test surface before applying paint to the cardboard. With what little paint remains on the brush, apply textured strokes sparingly and intermittently for the desired effect.

**HOW TO ENLARGE AND TRANSFER CLIP ART**

1. Photocopy the clip art onto transparencies.
2. Place roll paper or a rigid material against a wall.
3. Using an overhead projector to enlarge the clip art, shine the image onto the paper or rigid material, adjusting it as necessary for the size desired.
4. Trace the image outlines onto the paper or rigid material.
5. Paint the image and cut out.

Prop up your freestanding decorations with wooden jacks made from 2x4, 2x3, 2x2, or 1x2 boards. Smaller decorations will need smaller jacks and larger decorations will need larger ones.

Check out Pinterest.com/AnswersVBS for colorful photos of decorations from our test churches! Visit YouTube.com/AnswersVBS for how-to decorating videos!
Other Props, Tips, and Miscellaneous Ideas

- Check the Resource DVD-ROM for numerous clip art images, including a snowy owl and Arctic fox. Use an overhead projector to enlarge and transfer the images onto paper, poster board, or corrugated cardboard.
- Hang snowflakes of various sizes, shapes, and textures from the ceiling.
- Make paper or foil icicles and hang them throughout your classroom. Icicle templates are readily available online.
- String white or blue Christmas lights and/or icicle and snowflake lights from the ceiling to enhance the Arctic feel.
- Add “snow” to the ground and all your decorations using batting, gossamer, white sheets, white plastic tablecloths, white roll paper, white paint, snow spray, etc.
- Display props that explorers would need to have on their trek through the Arctic. Items might include boots, hats, gloves, goggles, snowshoes, parkas, duffle bags, backpacks, skis, ski poles, sled, etc.
- Add a thin (½-in.) black border to your painted props (trees, snow drifts, animals, signs, etc.). This helps them stand out better and makes the colors appear more vibrant.
- Because corrugated cardboard tends to curl when only one side is painted, first apply a quick, single coat of paint to the back.

Classroom Scene Setters

As a quick and easy alternative to making your own classroom backdrop, a scene setter is available for purchase (11-5-126) from the Resource Catalog. Simply mount it to cardboard or foam sheets using clear packing tape or staples, or attach it directly to the wall with sticky tack or mounting putty. Another alternative for easy cleanup and wall protection is to apply strips of painter’s tape to the wall, then put double-sided tape over the painter’s tape, and attach the scene setter to the double-sided tape.

To add dimension to your cabin scene, we recommend placing the mountain scene behind your cabin (11-5-123).
Day 1

BOOK OF BOOKS

Today’s Lesson at a Glance

• Introduce It!
  That’s Unique!

• Teach It!
  Part 1: Ready, Set, Snow!
  Part 2: How the Bible Came to Be
  Part 3: Small Group Time

• Apply It!
  Part 1: Bible Gems
  Part 2: Go and Do
  Part 3: BIBLE Handshake

Preparing for the Lesson

• Read Psalm 19 and Psalm 119 several times. Marvel at this one-of-a-kind book.
• Read this lesson several times and prepare the materials.
• For more information on how the Bible is unique and how it came to be, visit answersvbs.com/oafaq.
• Pray.

Lessons Materials

FROM TEACHER RESOURCE KIT

☐ Theme Verse poster
☐ Day 1 Memory Verse poster
☐ Day 1 Fun Phrase poster
☐ Arctic Circle poster
☐ Coolest Book poster

FROM RESOURCE DVD-ROM

☐ How the Bible Came to Be sheets, 1 per child
☐ Day 1 discussion sheets, 1 per small group leader

OTHER MATERIALS

☐ Bible or children’s Bible (plus extras for small group time)
☐ Costumes for exploration leaders (teachers)
☐ Small whiteboards and markers, 1 per group
☐ Timer
☐ Writing utensils, 1 per child
☐ Large whiteboard and marker (or chalkboard and chalk)
☐ Mounting putty or tape
☐ Apply It! section supplies
☐ Memory verse music CD and player

STUDENT EXTRAS

☐ Student guides (11-5-071, 11-5-132), 1 per child
☐ Explorer Guides (11-5-091, 11-5-137), 1 per child
☐ Stamp for Explorer Guides (11-5-093)
☐ Blizzard bookmarks (11-5-078, 11-5-140), 1 per child

BIBLE PASSAGES

The Bible is One-of-a-Kind (Selected Verses)

BIBLE GEM

“All Scripture is given by inspiration of God . . . .” 2 Timothy 3:16

TREASURE POINT LESSON FOCUS

The Bible is the coolest book on the planet! It’s completely unique in many ways, including being written by God Himself.

ANIMAL PAL

Blizzard the Polar Bear

APOLOGETICS FOCUS

Did you know the Bible isn’t like any other “religious” book?
DEVIATION 1
BOOK OF BOOKS

“I will speak of Your testimonies also before kings and will not be ashamed.” Psalm 119:46

During the early spring of 1524, a young priest slipped away from London and, without the king’s leave, made his way to the European continent. He was never to see his homeland again, and for the next eleven years his life was an elaborate hide-and-seek as he was pursued, at one time, by four government agents. His crime and his life’s ambition were one and the same: to translate the Bible from the original Hebrew and Greek and present it, printed and bound, so that even the boy who drove the plough could understand God’s Word.

By the constitutions of Oxford of 1408, it was illegal—on pain of death—to read the scriptures in English without a bishop’s license. To reinforce this, in April 1519, one woman and six men were burned to death at Coven-try for teaching their children the Lord’s Prayer, the Ten Commandments, and the Apostles’ Creed in English.

William Tyndale was born in Gloucestershire, England, studied at Oxford, and later Cambridge, and spent two years teaching the children of Sir John and Lady Walsh in their small manor house at Little Sodbury. Here he began to translate the New Testament, and by the time he arrived on the continent it was complete. The first ever printed New Testaments in English were smuggled back into England early in 1526. Though the bishops burned the Bibles and often their owners, the Word of God became an unstoppable force across the land—England had the Bible in the vernacular at last.

(Excerpted with permission from Travel with William Tyndale [Day One Publications] by Brian H. Edwards. See answersingenesis.org/articles/am/v2/n4/tyndale-and-english-bible.)

What drove William Tyndale to risk life and limb so that his fellow Englishmen could read the Bible in their own language? He knew the Bible was the “Book of books.” No other book—or person—held the keys to eternal life. No other book laid out the prescription for godly living. No other book contained the true history of the universe and explained why the world is the way it is. No other book was God’s written revelation to mankind.

Sadly, however, the English-speakers of Tyndale’s time lacked even a rudimentary knowledge of what the Scriptures actually said. Investigations by a reforming bishop in Tyndale’s hometown of Gloucestershire revealed the following about the ignorance of the ministers in the area.

Of the unsatisfactory clergy in 1551, nine did not know how many commandments there were, 33 did not know where they appeared in the Bible (the gospel of St Matthew was a favourite guess) and 168 could not repeat them. Concerning the [Apostles’] Creed, 10 could not repeat it and 216 were unable to prove it; a large number of these said that they were perfectly satisfied that it was right because the king and Mother Church said so. Most extraordinary of all, perhaps, were the results of the Lord’s Prayer part of the examination: 39 did not know where it appeared in the Bible, 34 did not know who was its author, and 10 actually proved unable to recite it. (David Daniell, William Tyndale: A Biography [Yale University Press, 1994], p. 78.)

Lest we come down too harshly on these clergymen of 400 years ago, let’s ask ourselves how well we know the Book of books. Are we ardent students of the Word of God, mining jewels from its depths, or do we have a more casual relationship with the life-giving book, merely admiring the sparkle from afar? Consider this: how much are you willing to risk to bring the Word of God to the children in your care?

Today, as we study the uniqueness of this God-breathed collection of books, let’s meditate on the words of the psalmist who realized that the Bible was set apart from all other books—it is the Word of God.

Forever, O LORD,
Your word is settled in heaven.
Your faithfulness endures to all generations;
You established the earth, and it abides.
They continue this day according to Your ordinances,
For all are Your servants.
Unless Your law had been my delight,
I would then have perished in my affliction.
I will never forget Your precepts,
For by them You have given me life.
I am Yours, save me;
For I have sought Your precepts.
The wicked wait for me to destroy me,
But I will consider Your testimonies.
I have seen the consummation of all perfection,
But Your commandment is exceedingly broad.
Psalm 119:89–96
INTRODUCE IT!

IMPORTANT NOTE: As you read these lessons, you will notice many possible opportunities throughout the week to present the gospel. Pray and ask the Holy Spirit to guide you as to which of these opportunities to use.

That’s Unique! (5 minutes)

As the explorers come in and get settled, say:

**Exploration Leader One (Teacher One):** Welcome, explorers! My name is ___, and I’ll be one of your exploration leaders at the Arctic Circle Exploration Company.

**Exploration Leader Two (Teacher Two or Teaching Assistant):** And I’m ___, your other exploration leader.

**Exploration Leader One:** We’ll be exploring the Arctic together as we head out on this week’s mission—Operation Arctic. During Operation Arctic, we’ll discover that the Arctic is a one-of-a-kind, unique place. It’s really “cool”! (Get it? Cool?)

**Exploration Leader Two:** We get it! Well, we’re excited to start our exploration, but first, let’s take a couple minutes and get to know each other.

**Exploration Leader One:** Anyone know what the word “unique” means? Take answers.

Unique means one-of-a-kind, like no one or nothing else. For instance, every person is unique. According to the Bible, God created each person fearfully and wonderfully in His image (e.g., Psalm 139). He made each of us a special, one-of-a-kind masterpiece. Turn to your neighbor and say, “Hi, unique person.” Do so.

**Exploration Leader Two:** Now tell your neighbor your name and something unique about you—a combination of things nobody else could say about themselves, like “I’m the child of ___, I have one brother named ___, my birthday is ___, and my favorite cereal is ___.” Do so.

**Exploration Leader One:** Places can be unique, too. For instance, New York City is unique. Turn to your neighbor and try to say “Unique New York” three times fast. Do so.

**Exploration Leader Two:** Could you do it? It’s hard to say, isn’t it? Well, there’s another place on this globe that is absolutely unique. It’s not like anywhere else. It’s fascinating. It’s extreme. It’s take-your-breath-away beautiful. It’s the Arctic.

**Exploration Leader One:** The Arctic is the region at the top of the world. That in and of itself is unique—there’s only one top of the world!

**Exploration Leader Two:** At the very top, there’s no land—just ocean. It’s called the Arctic Ocean. The Arctic Ocean is surrounded by eight countries that are part of a region above what’s called the Arctic Circle—an imaginary line near the top of the world. The countries above the Arctic Circle are the United States (Alaska), Canada, Greenland (which is part of Denmark), Iceland, Norway, Sweden, Finland, and Russia. Turn to your neighbor and say “Russia” in a Russian accent, rolling your R. Do so.

**Exploration Leader One:** The Arctic has unique animals and plants, which we’ll talk more about throughout this week. It’s got unique weather and unique people groups who live there. And it’s been a place of unique explorations and challenges. Do you think you’re up for a challenge, explorers?

**Exploration Leader Two:** Okay. This challenge has to do with a unique book. There’s that word “unique” again! Turn to your neighbor and tell them what book you think is completely unique. Do so.
Exploration Leader One: Did you say the Bible? It’s a one-of-a-kind book, like no other book ever! In fact, our animal pal Blizzard reminds us the Bible is the Book of books! Show Day 1 Fun Phrase poster. Let’s try our challenge called “Ready, Set, Snow!” which involves ten challenge questions regarding the Bible.

TEACH IT!

Part 1: Ready, Set, Snow! (10–15 minutes)

We’re going to divide into exploration groups. Each group will receive a whiteboard to record the answers. We’ll read the question, and your exploration group will have 20 seconds to decide on the answer. Show your answer when we say, “Ready, Set, Snow!” If you’re correct, draw a small snowflake on your board in the corner. You’re on the honor system here! At the end, we’ll total up the snowflakes. Whoever has the most wins. Any questions?

Let me remind you to talk softly, so your answer isn’t revealed to the other groups. Okay, let’s get into groups and we’ll begin.

Get the explorers into groups and pass out supplies. (If you have a small class, you may want to have two groups—boys and girls. If your class is large, you may need to divide into many groups. Try to have two to five kids in a group. Plan a quick way to divide up so it isn’t eating up lots of class time.)

Read the question, allow about 20 seconds to record the answer, then reveal the correct answer and share the accompanying information listed under each answer.

Ready, Set, Snow! Questions

1. According to the Bible, all Scripture is given by inspiration of God. What does the word inspiration mean? A) Created; B) God-breathed; C) Delivered

   B) In this verse, “inspiration” means “God-breathed.” God gave the men who wrote the Bible the exact words to write. He breathed them into their minds and they wrote them down, making every word of the Bible God’s exact words.

   Other books that claim to be from God disagree with the Bible, so we know they weren’t written by God. This makes the Bible the Book of books, in a class all its own.

2. The Bible is the best-selling and most-read book of all time. A) True; B) False

   A) True. No other book even comes close. Year after year, it’s the best seller and the most-read book.

3. How many promises can we count in the Bible? A) Over 4,000; B) Over 8,000

   B) Over 8,000. If God promises it, you can count on it! God is truth (Deuteronomy 32:4). It’s impossible for Him to lie (Titus 1:2), so the Bible, His Word, is completely trustworthy.

4. People have tried to __ the Bible, but they aren’t able to. A) Destroy; B) Hide; C) Lose

   A) Destroy. Throughout time, kings and emperors have tried to ban it, burn it, and outlaw it. They want to live by their rules, not God’s rules. But no one will ever succeed in destroying God’s Word. The Bible says, “Heaven and earth will pass away, but My words will by no means pass away” (Matthew 24:35).

5. The word Bible means ________. A) Paper; B) Record; C) Book

   C) Book. When we say “the Bible,” we are really saying “the Book.” It’s not a book, but the Book. God wrote us a book! Wow! The Bible is actually a collection of 66 smaller books.
6. How many languages and dialects has the Bible been translated into?  A) Over 1,000; B) Over 2,000
   B) Over 2,000. Most books are written in just one language. Some have been translated into two or three languages. No book even comes close to being translated into as many languages as the Bible. People all over the world can read it in their own language! But there are also many people who don't have the Bible in their language. Missionaries are needed who can learn these languages and translate the Bible into them.

7. How many times does the Old Testament section of the Bible say, “Thus says the Lord,” or “God spoke these words”? A) Over 1,000 times; B) Over 2,000 times
   B) Over 2,000 times. The Bible itself reminds us, time and time again, that it is God’s very words.

8. Before machines were invented to print Bibles, who copied the Old Testament portions of the Bible? A) Priests; B) Scribes
   B) Scribes. Scribes lived before the age of copy machines, so they were specially trained to copy the Bible by hand to make manuscripts. They followed very strict rules for copying so they wouldn’t add errors to the Bible. Different groups of scribes had different rules. Here are just a few examples of rules of various scribes.
   - They took a bath and put on clean undergarments before they started.
   - They counted and recounted the letters they copied, to make sure they hadn’t missed even one. If they made a mistake, they threw the whole page away and started over.
   - Even if a king addressed them while writing, they didn’t look up or acknowledge him.
   - When they wrote the word “God,” they dipped their pens in fresh ink.
   Scribes took their job of copying the Bible seriously and always took great care to preserve God’s Word.

9. What important discovery in 1947 shows how well copied the Old Testament is? A) Dead Sea Scrolls; B) Jericho Parchments
   A) Dead Sea Scrolls. The Dead Sea Scrolls were found in caves located high in the cliffs overlooking the Dead Sea. They were handwritten manuscripts of the Old Testament that had been copied in the nearby town and stored in clay jars since before Jesus’ time on earth, over 2,000 years ago. The cool thing about the Dead Sea Scrolls is they were copied long, long ago, but if you compare them to other Old Testament manuscripts we have today, you will find they are very similar. The original manuscripts were perfect, and we have great copies of those originals today.

10. What is the most loved book of all time?
   The Bible. It inspires great devotion, so much so that people have gone to great lengths to get it. One young girl was Mary Jones, who was born in 1784 in Wales. Her family was poor, but she wanted to have her own Bible so badly that she worked and saved for six years to buy one. When she was 16, she walked 25 miles to the home of a man who had Bibles to buy one from him. Others have gone to great risks to give it to others because they want people to have God’s life-giving words. For example, in 1793 William Carey left England and moved to India to tell others about Jesus and to translate and print Bibles into many Indian languages. Those who love the Bible realize it has answers that can’t be found anywhere else on earth and that it has the most important message ever: the message of salvation through Jesus Christ. It’s the coolest book on the planet!
To review, when you’re finished with the game, show the Coolest Book poster and talk about it. Then tell them you’re going to take the poster away and see how many things they can remember that were on it. They have 30 seconds to write as many as possible. When done, show the poster again and give them a bonus snowflake for each right answer. Tally the points and announce the winners.

Option: Do the Coolest Book poster review at the start of the next day or another day this week.

Part 2: How the Bible Came to Be (10 minutes)

Okay, turn to your fellow explorers and tell them one unique thing you just found out about the Bible from the Ready, Set, Snow! challenge. Do so. But did you ever wonder how this unique book came to be in the first place? I mean, did God sit up in heaven and type it on a jumbo computer? No! But it is unique in how it came to be. Let me tell you the exciting and true account of how the Bible ended up looking like it does now, as a book. As I tell this, _____ (Teacher Two) will be making simple drawings that you’ll copy. Let’s pass out the supplies and then we’ll begin.

Give each explorer a How the Bible Came to Be sheet and writing utensil.

Drawing 1—People/Cloud

Teacher Two: Quickly sketch two stick people and a cloud with voice coming from it (see sidebar illustration) on a whiteboard as Teacher One is talking. The kids copy it.

About 6,000 years ago, at the beginning of time, we learn from the Bible that the first man and woman, Adam and Eve, lived in the Garden of Eden. What’s incredible to think about is that God talked to them directly! They received God’s words straight from the Creator Himself. God talked directly to other people, too, like Noah and Abraham.

Drawing 2—Ten Commandments

Teacher Two: Quickly sketch the outline of the Ten Commandments. Kids copy it.

God chose a man named Moses to write down His Word. God even wrote some of the words Himself, including the Ten Commandments, on a stone tablet.

Drawing 3—Scroll

Teacher Two: Quickly sketch a scroll. Kids copy it.

Moses wrote as God guided him. Back then, they didn’t have paper like our paper now, so Moses wrote on something called scrolls. Scrolls were made from long strips of animal skins or woven material called papyrus. These strips were sewn together and rolled up into a tube shape.

Moses wrote God’s words as the first five books of the Bible. Let’s see if any of you know what the names of the first five books of the Bible are (Genesis, Exodus, Leviticus, Numbers, Deuteronomy—the Pentateuch, or Torah.) Moses also wrote some of the psalms.

Drawing 4—Clay Tablets

Teacher Two: Quickly sketch a clay tablet with a wooden stick. Kids copy it.

After that, God chose other men to record His words—around 40, in fact. These men had different jobs: fishermen, kings, shepherds, farmers, teachers, and a doctor, to name a few. They wrote during a span of over 1,500 years. That’s a long time! That’s like from the beginning of the Middle Ages until now! Think about how much has changed. Tell your neighbor an invention we have now that they didn’t have a long time ago. Do so. Wow! And of course, the writing methods changed during that time. Think of it like this. What were people writing with 1,500 years ago? (Quill pens) What do they use today?
That’s a big change! And it was a big change for the men writing God’s Word, too. Some wrote on clay tablets with wooden sticks. Some wrote on animal skins, which were called parchment. Some wrote on papyrus, the paper made from plants that were woven together, as we mentioned earlier. Some people wrote on stone. Eventually, people began using paper that was more like what we’re used to. Every word they wrote was exactly what God put in their minds (2 Peter 1:21). And what’s really incredible is that the whole Bible agrees in all parts. Even though the men God chose lived at different times, and even on different continents (3 different continents), and even wrote in different languages (3 different languages), it still all fits together perfectly! It would be like if everyone drew a piece of a puzzle without finding out what anyone else had drawn (doing so over a 1,500-year time span), and when all the puzzle pieces were put together at the end of the time, it made a perfect, beautiful picture! Now that’s incredible!

Drawing 5—Quill Pen

Teacher Two: Quickly sketch a quill pen. Kids copy it.

As each book was written, it was accepted as the Word of God by the people. Eventually 66 smaller books were collected into what we know today as one big book, the Bible. Each original book of the Bible was perfect and complete. The scribes copied each book of the Bible by hand whenever they wanted to make another copy.

Drawing 6—Bible

Teacher Two: Quickly sketch a Bible. Kids copy it.

In 1440, Johannes Gutenberg invented a great machine that allowed the Bible to be copied faster than by hand. Now they could make copies of the Bible on a machine called the printing press using sheets of paper that would be bound together.

This allowed Bibles to be printed and distributed all over the world. This was great news because people everywhere could now have Bibles to read.

When you read it, you’ll find it has the most wonderful, true account in the whole world. It tells us how God created the world, how people messed up the world through sin, and how God sent His Son, Jesus, to rescue us from our sin. It tells us how much God loves us and how we can become His child. It tells us how to live our lives. It’s God’s special love letter to us.

Explain that, according to the Bible, sin is disobeying God’s commands. And we have all disobeyed God’s commands. (We have lied, been unkind, disobeyed our parents.) This sin separates us from our holy God, and the penalty for sin is death and eternal separation from God’s goodness forever. We need someone to pay the penalty for our sin. To receive the gift of eternal life with God, we must repent of our sins (admit) and believe in Jesus. Jesus came to earth, lived a perfect life, died on the Cross to pay for our sins, and then rose from the dead. We can forever receive the gift of eternal life.

I love the Bible and trust it completely. I hope you do, too. Remember—it’s not like any other book. All other books, including other “religious” writings like Islam’s Koran, Mormonism’s Book of Mormon, or Hinduism’s Vedas, were written by men. These writings DO have mistakes, and they DON’T have the power of the one true God.

These other religious books are not part of the Bible, and in fact, they often oppose the Bible’s teachings. For example, the Koran says God has no son (Sura 4:171 and 23:19). But in the Bible, Jesus is called the Son of God (Matthew 26:63–64). The Book of Mormon says people are not born sinners (Moroni 8:8). The Bible teaches we are sinful from birth (Psalm 51:5; Romans 3:23).
Also, these other books often aren’t consistent within the book itself. For instance, in one place in the Koran it says Jesus will live in paradise (Sura 3:45), and in another place, it says Jesus will live in hell (Sura 21:98). And they aren’t consistent with true history. For example, in the original Book of Mormon (prior to the change in 1981), it was taught that American Indians would turn white when they converted to Mormonism (2 Nephi 30:6). But this isn’t what actually happened. (None turned white if they converted.) On the contrary, the Bible was written by God Himself—God who cannot lie (Titus 1:2; Hebrews 6:18), and cannot make a mistake, so we know every word of the Bible has to be perfect and true (John 17:17). It will never contradict itself. If there ever is an area of the Bible that people think is a contradiction, they will find it is not upon further study. Nothing will ever be wrong in it. The Bible is absolutely unique and trustworthy!

**Part 3: Small Group Time** (5–10 minutes)

Divide into small groups of 4–6, with a guide or exploration leader in each group. (Adjust depending on how many leaders and kids you have.) Discuss some or all of the following questions from the discussion sheet, helping them look up the Bible passage, if time, when it comes to question 3, and reading it together. Otherwise, just have it bookmarked and read it to them.

Note: If small groups aren’t feasible in your setting, just incorporate some or all of these questions into large group time.

1. **Besides the Bible, what’s a favorite book of yours? What do you like about it?**
2. **Other books are fine, but the Bible is in a class all its own. What do you think is cool about the Bible? It may be something you heard today!**
3. **Let’s see if we can find the very first verse in the Bible!** Either do together with one Bible or pass out Bibles and have them find Genesis 1:1 with partners. Explain how you look up the book, then the chapter, then the verse. (This will be dealt with more later in the week.)
4. **The Bible has an amazing message of how we can be saved from our sins and have eternal life with God when we die. Do you know if you have received the gift of eternal life?**

**APPLY IT!**

In the remaining time, complete one or more of the following ideas in class. Supplies for this section are not included in the supply list on the back cover since they will vary depending on the activities you choose, so decide what you will do and add them to your supply list accordingly.

Pass out the Blizzard bookmarks, one per child, or have guides do so at the end of the day. Put a stamp in the Explorer Guides (or do so at snack time), and/or review the student guides.

**Part 1: Bible Gems**

**Today’s Verse:** “All Scripture is given by inspiration of God . . . .” 2 Timothy 3:16

Explain the following words.

**All**—All means all. Every single word in the Bible is God-breathed. Some people think just some of it is God’s Word, but the Bible itself says all Scripture is inspired by God.

**Scripture**—Scripture is another name for the Bible.

**Inspiration**—Inspiration means men wrote down the words as God breathed them out (2 Peter 1:21). The original manuscripts were God’s words written without error.
Now practice the verse several times by playing the appropriate song from the memory verse CD and using the Memory Verse poster as a reference, then try the following challenge.

**Challenge:** Write the memory verse on a piece of copy paper. Now make a “scroll” by rolling both ends toward the middle. (You may want to use a pencil to roll it around.) Open your scroll and read the verse. Roll it in a little so it covers some words and try to say it again. Roll it in some more and try to say it again. Continue until all the words are covered and you can say the verse without looking.

**Tomorrow’s Verse:** “Your word is a lamp to my feet and a light to my path.” Psalm 119:105

Try the challenge again, this time making a scroll with tomorrow’s verse. You may also want to practice the week’s theme verse, using the Theme Verse poster as a reference.

**Part 2: Go and Do**

- Guess which book of the Bible is right in the middle? Psalms! Find Psalm 1 and read it. What does it say the person is like who delights in God’s Word? Draw a picture to illustrate that and give it to someone!
- Talk to God (that’s prayer!) and ask Him to help you love Him and love His Word more.
- Ask an adult who follows Jesus to show you his Bible. What does he love about it?
- Check answersvbs.com/oakids for more fun information!

Ask yourself these questions: Do I realize the treasure God’s Word is? What should I do to get to know God better, through this unique Book of books?

Remember: The student guide is great to send home as a take-home, fun review. The front is a review of today’s lesson. The back goes along with Parts 1 and 2 of this lesson.

Consider giving contest bonus points for every Go and Do section completed.

**Part 3: BIBLE Handshake**

Explorers get ready to leave by learning the BIBLE handshake. After they learn it, they shake hands with other explorers on the way out. This is a quick way to review the BIBLE acronym. (Use the Fun Phrase poster as a reminder of the letter and what it stands for.)

Today, explorers learn the first part of the BIBLE handshake, **B**. Each day, they’ll add another letter. For today, form thumb and index finger into a circle and link them with another explorer’s fingers, forming a **B** with the two circles together. Say, “Book of books” and express that the **B** is the first letter in our BIBLE acronym.

Check YouTube.com/AnswersVBS for a video demonstration of the BIBLE handshakes!
