INCREDI**WORLD** AMAZEMENT PARK

Words and music by Sandy Howell and Bob Sobo

Whoa oh oh, let's go
To the Amazement Park
IncrediWorld Amazement Park!
Where there are thrills by day
And a fireworks display after dark
IncrediWorld Amazement Park!
Oh, you don't need directions
Because it's everywhere
Just step outside your door
And look, you're already there!
A world that's filled with things that
Fly and swim and jump and run
All in 3D!
It couldn't be more fun!

Whoa oh oh, let's go
To the Amazement Park
IncrediWorld Amazement Park!
Where there are thrills by day
And a fireworks display after dark
IncrediWorld Amazement Park!

Let's talk about the Builder
And all that He designed
From sea to mountain top
He filled it all in record time
He formed the heavens
Every animal and waterfall
The great Creator, come on
Give it up for God, y'all!

YEAH! WOO!

Ride the Cheetah Chase and Raptor Run
They're super, super fast
Hop on the Crazy Kangaroo
You're gonna have a blast
Be sure to see the Dolphin Dance
And Penguins on Parade
Then give the Lord the glory for the wonders
that He's made!

Put your hands up in the air—Yeah!
It's time to take that ride
Put your hands up in the air—Woo!
And let the Lord be glorified!

Whoa oh oh, let's go
To the Amazement Park
IncrediWorld Amazement Park!
Where there are thrills by day
And a fireworks display after dark
IncrediWorld Amazement Park!
Whoa oh oh, let's go
To the Amazement Park
IncrediWorld Amazement Park!
Where there are thrills by day
And a fireworks display after dark
IncrediWorld Amazement Park!
Yeah, let's go!

(OUR GOD IS) 24/7

Words and music by John Campbell

God created earth in no time flat
In just six days, imagine that
He worked so fast, His plan was tight
Each day prepared and it was right

Creation Week is what we're talkin' about
Genesis One One is the place, no doubt
It tells us how things came to be
And how God made you and me

Our God is twenty-four, seven
Our God is twenty-four, seven

Let's take a look
From the Book
Let's take a look from the Book!

Day One, in the beginning
God created heavens and the earth
"Let there be light and darkness, too"
He said before Day One was through

Day Two, God split the waters
And put a name to heaven
Then all the sky came to be
Day Two complete, next Day Three

Day Three, God formed the oceans
And the lands with plants and trees
The flowers bloomed through all the earth
Oh, what a sight to see

Day Four God hung the moon and stars
That twinkled in the night
Then He set the sun to shine
To warm the earth and give it light.

All the creatures of the sea

Came on Day Five at God's decree
Then He waved His hand from here to there
As birds and things took to the air

Then animals came on Day Six
That moved upon the ground
The dogs and cats and cows and sheep
And dinosaurs and things that creep

God knew that He was almost done
But He saved the best for last
He created man and woman
As His final task

Day Seven God rested
Made it the Sabbath Day
We're called to stop and give Him thanks
To worship Him and pray

Cause when He spoke from where He stood
He created what no other could
He blessed the things that He had made
And saw that it was good!

Our God is twenty-four, seven
(twenty-four, seven that ain't no lie)
Our God is twenty-four, seven
(remember God filled the earth and sky)
Our God is twenty-four, seven
(seven days and that's all it took)
Our God is twenty-four, seven
(just take one look)

Just take a look
At the Book
Just take a look at the Book!
Yo!

IT COULDN'T JUST HAVE HAPPENED

Words and music by Sandy Howell and Bob Sobo

Ye-ha, ye-ha

It's crazy!
To find in a science book
That we're mutations
From some primordial gook
It's crazy 'cause the odds are clear
Fish don't turn to zebras even in a billion years

There had to be a plan
'Cause there's so many moving parts
And a Builder who could finish what He starts

It couldn't just have happened
Don't throw all reason out the door
(No reason out the door)
Order comes from order
And chaos only causes more
(More chaos, only more)

It couldn't have just happened
There truly is no chance
Unless a great Creator
Set this world into its dance
It couldn't just have happened
God is the answer that you're lookin' for

It's crazy
How beauty is everywhere
And would you know it
We've got eyes to see that it's there

It's crazy how a redwood seed
Holds all the information to become the tallest
tree

There had to be a plan
'Cause there's so many moving parts
And a Maker who is calling to our hearts

It couldn't just have happened
Don't throw all reason out the door
(No reason out the door)
Order comes from order
And chaos only causes more
(More chaos, only more)

It couldn't have just happened
There truly is no chance
Unless a great Creator
Set this world into its dance
It couldn't just have happened
God is the answer that you're lookin' for

We know there's a Creator 'cause the whole
world fits together
We know there's a Creator 'cause the whole
world fits together
It couldn't just have happened
God is the answer that you're lookin' for
God is the answer that you're lookin' for
God is the answer that you're lookin' for

SIMPLE AS THAT

Words by Jim Snyder with David Yeager, arranged by Steve Wick

Every house has a builder
A designer and a plan
Every painting has a painter
Who paints with his own hand
It's the same with all creation
Everywhere you look,
God made heaven and the earth
And He tells us in His book

It's simple, simple as, simple as that
God made heaven and the earth
Simple as that
It's simple, simple as, simple as that
The Bible says it; that settles it
Simple as that

Everything has a reason
A purpose and a plan
God spoke the word, it happened
That's how the world began
In six days God made everything
He made Adam, He made Eve

His fingerprints are everywhere
Just look and you will see

It's simple, simple as, simple as that
God made heaven and the earth
Simple as that
It's simple, simple as, simple as that
The Bible says it; that settles it
Simple as that

It's simple (simple), simple (simple),
simple as that (simple as that)
God made heaven and the earth
Simple as that
It's simple, simple as, simple as that
God made heaven and the earth
Simple as that

It's simple, simple as, simple as that
The Bible says it; that settles it
Simple as that
The Bible says it; that settles it
Simple as that

ADMIT, BELIEVE, FOREVER RECEIVE

Words and music by David Yeager

You want to know the love of Jesus in your
heart
You want to get to know Him but you don't
know where to start
You'd like to live forever through the promise
that He gave
And you wonder, "What must I do to be saved?"
It starts with a decision; the steps to take are
these
Admit, believe, and forever receive

Admit, believe, forever receive
Admit, believe, and forever receive
Admit you are a sinner
Believe in Jesus Christ
Receive Him as your Savior and you'll have
eternal life
Admit, believe, forever receive
Admit, believe, and forever receive

You feel sorry for the times you've gone astray
You've disobeyed the Word of God and wan-
dered from His way
Remember Jesus died for you to take away your
sin

And then He rose again and He'll raise you up
with Him
When you . . .

Admit, believe, forever receive
Admit, believe, and forever receive
Admit, believe, forever receive
Admit, believe, and forever receive
Admit you are a sinner
Believe in Jesus Christ
Receive Him as your Savior and you'll have
eternal life

Admit, believe, forever receive
Admit, believe, and forever receive
Admit, believe, forever receive
Admit, believe, and forever receive
Admit you are a sinner
Believe in Jesus Christ
Receive Him as your Savior and you'll have
eternal life

Admit, believe, forever receive
Admit, believe, and forever receive

Starts with a decision, the steps you take are
these
Admit, believe, and forever receive

RIGHT SIDE UP TURNED UPSIDE DOWN

Words and music by Jim Snyder

It all began in a paradise
In a perfect garden was the Tree of Life
A special rule they could not break
Just one fruit they must not taste

Right side up turned upside down
When man sinned, God cursed the ground
Right side up turned upside down
Man chose sin, God cursed the ground
Repeat

It all began with a big fat lie
“If you eat the fruit, you will not die”
They thought one taste would make them wise
But lost their home in paradise

Right side up turned upside down
When man sinned, God cursed the ground
Right side up turned upside down
Man chose sin, God cursed the ground
Repeat

Sin brought sorrow, death, and shame
God’s perfect earth was not the same
Thorns and thistles, storm clouds blew
Earthquakes, floods, tsunamis, too

Right side up turned upside down.
When man sinned, God cursed the ground.
Right side up turned upside down.
Man chose sin, God cursed the ground.
Repeat

WOODPECKER SONG

Words and music by Buddy Davis

How much wood does a woodpecker peck
When a woodpecker pecks on wood?
When the woodpecker pecks that woodpecker
pecks

As much wood as it should peck wood
God made the woodpecker on Day Five
When He finished He said "It's good!"
How much wood does a woodpecker peck
When a woodpecker pecks on wood?

You'd think that woodpecker's bill would break
Or get a migraine when it eats
But God designed that woodpecker kind
With a spring behind their beak
As they drill in the tree it amazes me
Those birds don't break their necks
But how much wood does a woodpecker peck
When they go peck, peck, peck, peck, peck,
peck, peck, peck, peck, peck

How much wood does a woodpecker peck
When a woodpecker pecks on wood?
When the woodpecker pecks that woodpecker
pecks
As much wood as it should peck wood
God made the woodpecker on Day Five

When He finished He said "It's good!"
How much wood does a woodpecker peck
When a woodpecker pecks on wood?

That woodpecker sounds just like a drum
As he thumps against a tree
He blinks his eyes and the sawdust flies
He'll never miss a beat
God put a cushion in his head
So his brains don't turn to mush
Put sticky stuff on its tongue
So it can catch those bugs, bugs, bugs, bugs,
bugs, bugs, bugs, bugs

How much wood does a woodpecker peck
When a woodpecker pecks on wood?
When the woodpecker pecks that woodpecker
pecks

As much wood as it should peck wood
God made the woodpecker on Day Five
When He finished He said "It's good!"
How much wood does a woodpecker peck
When a woodpecker pecks on wood?
When the woodpecker pecks
That woodpecker pecks as much wood as it
should peck wood

BEHEMOTH IS A DINOSAUR

Words and music by Buddy Davis

Chorus:

Behemoth is a dinosaur, a dinosaur is he
He eateth grass as an ox
His tail's like a cedar tree
His bones are strong as bars of iron
He's chief in the ways of God
Could behemoth be a dinosaur—a mighty sau-
ropod?

Let's look at the Bible
Let's look in the book of Job
Turn to chapter 40
In verse 15, we're told
Of a mighty creature
That Job must have known

In the jungle of the reeds and ferns
Behemoth made his home

Chorus

Some say behemoth
Is nothing more than this
An elephant or a hippo
But I don't think it fits
Because they don't have a tail
Like a cedar tree
Behemoth seems much more like a dinosaur to
me

Chorus twice

I think that's what it is!

ABSOLUTE AUTHORITY

Words and music by Sandy Howell and Bob Sobo

The Word of God is the absolute authority in
everything

The Word of God is the absolute authority
straight from the King

Line by line, you will find it's got superiority

So every day, I'll make it a priority

The Word of God is the absolute authority!

We can dive, dive, dive in the deep blue sea

Fishin' for clues of how we came to be

We can dig, dig, dig to unearth the past

Study big, fossilized dinosaur tracks

We can fly up into the stars

Searchin' for answers on Saturn and Mars

But what you'll find when you really look

The truth is found in the Book of books

Hey, hey, hey!

The Word is out

God rules!

Without a doubt

Hey, hey, hey!

Come on and shout

God rules!

Without a doubt

(Repeat Song)

ALL CREATURES OF OUR GOD AND KING

Words by St. Francis of Assisi with David Yeager, arranged by Steve Wick

All creatures of our God and King
Lift up your voice and with us sing,
O praise Him! Alleluia!
O lion proud with golden mane
O tiger bright with stripes of flame
O praise Him! O praise Him!
Alleluia, Alleluia, Alleluia

Let all things their Creator bless,
And worship Him in humbleness,
O praise Him! Alleluia!
Come laughing dolphins, singing whales
And splashing fish with silver scales
O praise Him! Oh praise Him!
Alleluia! Alleluia! Alleluia!

Praise God from whom all blessings flow,
Praise Him all creatures here below,
Alleluia! Alleluia!
Praise, praise Him all you singing birds
Join now and let your song be heard
Alleluia! Alleluia! Alleluia!
Alleluia! Alleluia!

All creatures of our God and King
Lift up your voice and with us sing
All creatures of our God and King
Stand up and shout
Let His praises ring
Repeat twice
