INCREDI WORLD

Words by Ron Hamilton & Cheryl Reid; Music by Ron Hamilton

Just look all around you
Just step out your door
Creation surrounds you
The works of the Lord!
Each beautiful flower
Each hand-painted rose
Our God is the artist
Each color He chose

God put the stars in the sky
And He calls them each by name
He tells the sun
“It’s time to get up”
And He tells the clouds
“It’s time to rain”
Rugged mountains, raging oceans
All created by His word
It’s an unforgettable, indescribable,
Unbelievable, inconceivable
IncrediWorld!

There’s really no question
The answer is clear
We have a Creator
Who put us all here
God spoke and it happened
All nature obeyed
His infinite power
Creation displayed

God put the stars in the sky
And He calls them each by name
He tells the sun
“It’s time to get up”
And He tells the clouds
“It’s time to rain”
Rugged mountains, raging oceans
All created by His word
It’s an unforgettable, indescribable,
Unbelievable, inconceivable
IncrediWorld!
IncrediWorld!

DAYS OF CREATION

Words by Ron Hamilton & Cheryl Reid; Music by Ron Hamilton

Read the Bible for a clear account
Of exactly how the world came about
God made ev'rything in just six days!
Read Genesis One and be amazed!

Day One: He made the heavens and earth and
light

Day Two: God divided the sea and sky

Day Three: He made the earth to bloom

Day Four: He made the sun, the stars, and
moon

Day Five: God made the fish and birds by the
power of His mighty Word

Day Six: He finished up His plan with animals
and finally man

The seventh day God rested from all that He
had made

Creation Week was now complete; it was a holy
day

REPEAT ALL

Read the Bible for a clear account
Of exactly how the world came about

God made ev'rything in just six days!

Read Genesis One and be amazed!

God made ev'rything in just six days!

Read Genesis One and be amazed!

IT COULDN'T JUST HAVE HAPPENED

Words & music by Sandy Howell, Robert Sobo, Ron Hamilton

It's crazy!
To find in a science book
That we're mutations from some primordial
gook!
It's crazy!
'Cause the odds are clear
Fish don't turn to zebras even in a billion years
There had to be a plan
There are too many moving parts
There had to be a plan
And a Builder Who could finish what He starts

It couldn't just have happened
There really is no chance
There is a great Creator
Not some lucky circumstance
It couldn't just have happened
Don't throw reason out the door!
Order comes from order
And chaos causes more and more chaos
Chaos causes chaos
God is the answer that you're looking for
God is the answer that you're looking for
It's crazy!

How beauty is ev'rywhere
And would you know it?
We've got eyes to see that it's there
It's crazy!
How a redwood seed
Holds all the information to become the tallest
tree
There had to be a plan
There are too many moving parts
There had to be a plan
And a Builder Who could finish what He starts

It couldn't just have happened
There really is no chance
There is a great Creator
Not some lucky circumstance
It couldn't just have happened
Don't throw reason out the door!
Order comes from order
And chaos causes more and more chaos
Chaos causes chaos
God is the answer that you're looking for
God is the answer that you're looking for
That you're looking for
God's the answer!

SIMPLE AS THAT

Words by Jim Snyder & David Yeager; Music by Steve Wick

Ev'ry house has a builder, a designer, and a plan
Ev'ry painting has a painter who paints with
his own hand
It's the same with all creation; it's ev'rywhere
you look
Our God made heaven and the earth, and He
tells us in His Book

It's simple, simple, simple as that
God made heaven and the earth—simple as
that
It's simple, simple, simple as that
The Bible says it. That settles it—simple as that

Ev'rything has a reason, a purpose, and a plan
God spoke the word, and it happened
That's how the world began
In six days God made ev'rything

He made Adam; He made Eve
His fingerprints are ev'rywhere, just look and
you will see

It's simple, simple, simple as that
God made heaven and the earth—simple as
that

It's simple, simple, simple as that
The Bible says it. That settles it—simple as that
It's simple, simple, simple as that
God made heaven and the earth—simple as
that

It's simple, simple, simple as that
The Bible says it. That settles it—simple as that
The Bible says it. That settles it—simple as that
It's simple as that! It's simple, simple, simple as
that!

ADMIT, BELIEVE, FOREVER RECEIVE

Words by David Yeager & Ron Hamilton; Music by Ron Hamilton

You want to know the love of Jesus deep down
in your heart
You want to get to know Him, but you don't
know where to start
You'd like to live forever through the promise
that He gave
You wonder, "What must I do to be saved?"

Admit, believe, and forever receive
Admit, believe, and forever receive
Admit you are a sinner; believe in Jesus Christ
Receive Him as your Savior, and you'll have
eternal life
Admit, believe, and forever receive

You feel so very guilty for the bad things you
have done
You try to do the right thing, but you often do
the wrong
Remember Jesus died for you to take away your
sin
He rose again, and He'll raise you up with Him

Admit, believe, and forever receive
Admit, believe, and forever receive
Admit you are a sinner; believe in Jesus Christ
Receive Him as your Savior, and you'll have
eternal life
Admit, believe, and forever receive

RIGHT SIDE UP TURNED UPSIDE DOWN

Words & music by Jim Snyder, Cathy Weber, Ron Hamilton

It all began in a paradise
In a perfect garden was the Tree of Life
There was a rule they could not break
There was just one fruit they must not taste

Right side up turned upside down
Man chose sin; God cursed the ground
Then the Son of God came down
In the Cross our hope is found

It all began with a big fat lie
“If you eat the forbidden fruit, you will not die”
They thought one taste would make them wise
But they lost their home in paradise

Right side up turned upside down
Man chose sin; God cursed the ground
Then the Son of God came down
In the Cross our hope is found

Sin brought sorrow, death, and shame
God’s perfect earth was not the same
Thorns and poison ivy grew
Earthquakes shook, and hurricanes blew

Right side up turned upside down
Man chose sin; God cursed the ground
Then the Son of God came down
In the Cross our hope is found
(Repeat chorus.)

WOODPECKER

Words & music by Buddy Davis

How much wood does a woodpecker peck
when a woodpecker pecks on wood?
When a woodpecker pecks that woodpecker
pecks as much wood as he should peck wood
God made the woodpecker on Day Five
When He finished He said, "It's good!"
How much wood does a woodpecker peck
when a woodpecker pecks on wood?

You'd think that a woodpecker's head would
split with a migraine when he eats
But God designed that woodpecker kind with a
spring behind his beak
When he drills in a tree it amazes me that the
bird doesn't break his neck
So how much wood does a woodpecker peck
when he goes
peck, peck, peck, peck, peck, peck, peck, peck,
peck, peck, peck

How much wood does a woodpecker peck
when a woodpecker pecks on wood?
When a woodpecker pecks that woodpecker
pecks as much wood as he should peck wood
God made the woodpecker on Day Five
When He finished He said, "It's good!"

How much wood does a woodpecker peck
when a woodpecker pecks on wood?

That woodpecker sounds like a beating drum
as he thumps against a tree
He blinks his eyes, and sawdust flies; he will
never miss a beat
For God put a cushion in his head so his brain
doesn't turn to mush
Put sticky stuff on his cute little tongue so the
bird can catch those bugs, bugs, bugs, bugs,
bugs, bugs, bugs

How much wood does a woodpecker peck
when a woodpecker pecks on wood?
When a woodpecker pecks that woodpecker
pecks as much wood as he should peck wood
God made the woodpecker on Day Five
When He finished He said, "It's good!"
How much wood does a woodpecker peck
when a woodpecker pecks on wood?
How much wood does a woodpecker peck
when a woodpecker pecks on wood?
Peck, peck, peck, peck, peck, peck, peck, peck,
peck, peck, peck, peck, peck, peck

BEHEMOTH IS A DINOSAUR

Words & music by Buddy Davis

Behemoth is a dinosaur—a dinosaur is he!
He eats the grass like an ox; his tail's like a
cedar tree
His bones are strong as bars of iron; he's chief
in the ways of God
Could Behemoth be a dinosaur—a mighty sau-
ropod?

Let's look at the Bible; let's look in the book of
Job
Just turn to chapter forty; in verse fifteen we're
told
About a mighty creature that Job must have
known
In the jungle of the plants and trees, Behemoth
made his home

Behemoth is a dinosaur—a dinosaur is he!
He eats the grass like an ox; his tail's like a
cedar tree
His bones are strong as bars of iron; he's chief
in the ways of God
Could Behemoth be a dinosaur—a mighty sau-
ropod?

Some say that Behemoth is nothing more than
this
An elephant or a hippo, but I don't think it fits
because they do not have a tail like a cedar tree
So Behemoth seems a lot more like a dinosaur
to me

Behemoth is a dinosaur—a dinosaur is he!
He eats the grass like an ox; his tail's like a
cedar tree
His bones are strong as bars of iron; he's chief
in the ways of God
Could Behemoth be a dinosaur—a mighty sau-
ropod?

Behemoth is a dinosaur—a dinosaur is he!
He eats the grass like an ox; his tail's like a
cedar tree
His bones are strong as bars of iron; he's chief
in the ways of God
Could Behemoth be a dinosaur—a mighty sau-
ropod?
Behemoth is a dinosaur—a dinosaur is he!

BIBLE GLASSES

Words by Cheryl Reid & Ron Hamilton; Music by Ron Hamilton

Sometimes you're in a pickle, and you don't
know what to do
You wonder if the things you hear are false or
true
May I suggest a remedy that always works for
me
Just look at things the Bible way, and you will
clearly see
Put on your Bible glasses, and wear them every
day
You'll have much sharper vision when you look
at the world God's way
The Word of God gives truth and light to ques-
tions big and small
So put on your Bible glasses for the answers to
them all
Your friends may try to make you think that sin
is not so bad

You're tempted to do many things that make
God sad
Remember that the Bible's there to guide you
ev'ry day
Just look for wisdom from God's book to see the
world God's way
Put on your Bible glasses, and wear them every
day
You'll have much sharper vision when you look
at the world God's way
The Word of God gives truth and light to ques-
tions big and small
So put on your Bible glasses for the answers to
them all
Put on your Bible glasses
Put on your Bible glasses
Put on your Bible glasses for the answers to
them all

ALL CREATURES OF OUR GOD AND KING

Words by St. Francis of Assisi & Steve Wick; Music by Geisliche Kirchengesange, Cologne

All creatures of our God and King
Lift up your voice and with us sing
Alleluia! Alleluia!
O lion proud with golden mane
O tiger bright with stripes of flame
O praise Him! O praise Him!
Alleluia! Alleluia! Alleluia!

Let all things their Creator bless
And worship Him in humbleness
Alleluia! Alleluia!
Come laughing dolphins, singing whales
And splashing fish with silver scales
O praise Him! O praise Him!
Alleluia! Alleluia! Alleluia!

Praise God from Whom all blessings flow

Praise Him all creatures here below
Alleluia! Alleluia!
Praise, praise Him all ye singing birds
Join now and let your song be heard
O praise Him! O praise Him!
Alleluia! Alleluia! Alleluia!

All creatures of our God and King
Lift up your voice and with us sing!
All creatures of our God and King
Lift up your voice and with us sing!
All creatures of our God and King
Lift up your voice and with us sing!
All creatures of our God and King
Lift up your voice and with us sing!
