Nepal

Name: **Bishal**

Country: Nepal

Problems: Injustice
Hunger

About: Because they are poor, Bishal's family works in the brickyards of the city called Kathmandu. The room where they live is owned by the brickyard.

This room costs more money than the family can make, so they can never leave and find a better job. Also, there isn't money to buy food. In many ways, they are slaves to the brickyard.

Prayer Requests:

Pray that the people who own the brickyard would be kind and fair to kids like Bishal. Pray that the people in the local church would continue to help these families and share the love of Jesus Christ with them.
