# PRAYER JOURNAL

**PHILIPPINES**

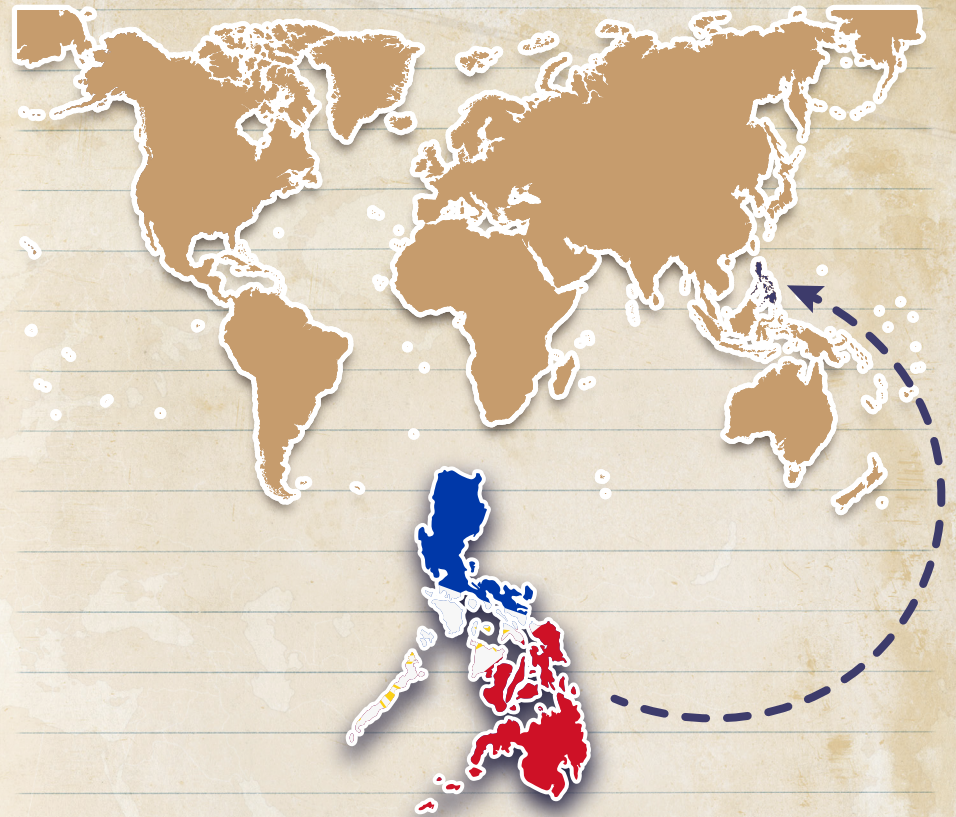

**Country:** Philippines

**Challenge:** Disaster

**About:** Luciana's home withstood a strong typhoon that swept through her remote village but was not strong enough to survive the earthquake that followed, causing it to collapse. Luciana's father worked hard to provide food for Luciana and her eight siblings, so covering the additional cost of repairs to the house was too much for him to manage on his own.

**Prayer Requests:**

Pray for families struggling to recover from the damage or loss of their homes due to natural disasters.

Pray for the pastors and church volunteers who are responding with resources and hope following natural disasters.
