

How does it feel when you're hungry but told to wait until you can eat?

How can you help provide meals for a child like Edisa?

EDISA

Country: **UGANDA**

Challenge: **EXTREME HUNGER**

About: Edisa's mother works hard to support her children, but some days she still cannot provide enough food. It's difficult when Edisa has to go to bed hungry. She feels so tired and lacks the energy her body needs to grow healthy and strong.

Prayer Requests:

Pray for children like Edisa who do not know if there is food waiting for them at home.

Pray for the churches serving families in poor communities, that they can share the hope of the One True God with people who have been told lies about what it takes to be saved.
