

How would you feel if you were promised something really good, but it turned out that it wasn't true?

What would you say to Uma to encourage her when she is feeling sad?

UMA

Country: **NEPAL**

Challenge: **INJUSTICE**

About: Uma used to live in a poor village with few job opportunities. Her family moved to the brickyard, hoping for a better life. Instead, they found themselves stuck in an unfair situation where they owed more money than they could earn. Even worse, they couldn't leave until the debt was paid.

Prayer Requests:

Pray for children who are made to work at a young age instead of being able to go to school and get an education.

Pray for the pastors who are allowed into the brickyards and are bringing food and knowledge of the One True God to families living there.
