

Has something important ever happened in your life that other people couldn't see? How do you think that felt for Samuel when his friends didn't know what was happening at home?

If you were Samuel, what do you think it would mean to you if someone noticed and cared enough to help your family?

SAMUEL

Country: **UNITED STATES**

Challenge: **INVISIBLE POVERTY**

About: For Samuel, life seemed normal on the outside - school, friends, routines - but there was something important missing at home that no one else noticed. No one knew he didn't have food at home. No one knew his parents could not find a job. Living between two different worlds was confusing. Everything appeared fine but didn't truly feel fine. It felt like no one saw his struggles or really cared.

Prayer Requests:

Pray for children like Samuel, that God would help them feel safe and seen even when others don't notice their need.

Pray for churches and volunteers to see needs we may not see and to respond with food and the love of Christ.
