#### Teaching Tie-In

Show the sample craft and say:

Today we're making savanna drums. The Swahili word for drum is "ngoma" (n-GO-ma). Drums are very popular in Africa and come in many shapes and sizes. It's fun to listen to the beat of drums, isn't it?

Drumbeats and all kinds of other sounds come into your ears. It's really important to be wise in what you listen to because what comes into your ears ends up influencing your actions! Sometimes people make really unwise choices of what they listen to, and sometimes people make really wise choices! What are some unwise choices of things to listen to? Take answers. What is the very best thing to listen to? God's Word, because it tells us how to live wisely.

King Solomon wrote most of the Proverbs in the Bible, and he urgently asked his son to listen to the advice in them. Do you want to be wise? Then hear and do God's Word!

## Class Time Directions

1. Apply glue stick generously to the masking tape that joins the two cups. Then cover the tape by wrapping it with jute, starting at the top edge of the tape and tightly wrapping it around until it ends. You may need to apply more glue stick to secure the ends.
2. Take the 12 paper clips and hook them together into 6 pairs.
3. Slide a red pony bead onto the end of 3 pairs and an orange pony bead onto the end of the other 3 pairs.
4. Wrap the 3 paper clips with red pony beads with red masking tape and the 3 paper clips with orange pony beads with orange masking tape.
5. Hang the paper clip pairs from the top rim by sliding the non-taped ends over the rim and through the holes under the rim. Be sure to alternate red and orange.
6. Use permanent markers to decorate the 2 red squares, the 2 orange squares, and the 2 craft sticks with African-style designs. Refer to the African Designs pattern for ideas.
7. Glue the red and orange squares to the bottom cup.
8. Place another cup into the top cup and then use both hands to stretch the balloon over the top 2 rims.
9. Slide the rubber band onto the bottom cup and up to the middle to hold the craft stick “drumsticks” when not in use.

## Tip Corner

- For younger children, consider pre-prepping the paper clip/pony bead “jewelry” or replacing it altogether with more African-style design squares.
- To save money, purchase bulk white cups for the extra cup. They must be the exact same size as the yellow cups, however. Or use white cups entirely. Although not as attractive, they’re less expensive.
- To save time, consider using the squares directly from the African Designs pattern instead of the kids decorating their own squares.
- As an alternative to bagging the supplies for each child, and to save Pre-Prep time, simply place them in the middle of each craft table and let the kids take what they need.

## Super Simple Idea

Each day, at least one super simple option is included, which is a pre-made craft kit from Oriental Trading Company (1-800-875-8480 or visit [www.orientaltrading.com](http://www.orientaltrading.com)) that goes along with main concepts of the day.

As an alternative to the Savanna Drum, try the following craft kit.

- Inspirational Wise Owl Sign Craft Kit (IN-48/9940)—This has a great verse from Proverbs 2:6 on it that we talk about in today’s High Adventure Lesson Time. Manufacturer does not recommend this for children under 3 years.

## Verse and Song Time

This section is for those who have extra time after the daily craft is completed.

### Memory Verse Review

To review today’s verse, play the appropriate Scripture song from the Memory Verse Songs DVD (available with the purchase of a contemporary Super Starter Kit or at [answers-bookstore.com](http://answers-bookstore.com) [11-3-069]) and have children sing along. Then play a review game with them. Use your arm as a volume indicator. Hold your arm out to your side and lower it for “soft,” raise it high for “loud” with variations on the loudness throughout. Children beat their savanna drums and say the verse based on the volume you indicate with your arm. Change the volume before the kids say the verse, or as they’re saying it. Choose one or two children to also control the volume while the others say the verse.

**Theme Verse:** “The fear of the Lord is the beginning of wisdom.” Proverbs 9:10

**Juniors:** “Listen to counsel and receive instruction, that you may be wise.” Proverbs 19:20 (NKJV)
